3 body problem release date: Ball Lightning Cixin Liu, 2018-08-14 From the New York Times bestselling author of the Three-Body Trilogy, Cixin Liu's Ball Lightning is the story of what happens when the beauty of scientific inquiry runs up against the drive to harness new discoveries with no consideration of their possible consequences. When Chen's parents are incinerated before his eyes by a blast of ball lightning, he devotes his life to cracking the secret of this mysterious natural phenomenon. His search takes him to stormy mountaintops, an experimental military weapons lab, and an old Soviet science station. 3 body problem release date: The Three-Body Problem Mauri J. Valtonen, Hannu Karttunen, 2006-03-02 How do three celestial bodies move under their mutual gravitational attraction? This problem has been studied by Isaac Newton and leading mathematicians over the last two centuries. Poincaré's conclusion, that the problem represents an example of chaos in nature, opens the new possibility of using a statistical approach. For the first time this book presents these methods in a systematic way, surveying statistical as well as more traditional methods. The book begins by providing an introduction to celestial mechanics, including Lagrangian and Hamiltonian methods, and both the two and restricted three body problems. It then surveys statistical and perturbation methods for the solution of the general three body problem, providing solutions based on combining orbit calculations with semi-analytic methods for the first time. This book should be

essential reading for students in this rapidly expanding field and is suitable for students of celestial mechanics at advanced undergraduate and graduate level.

3 body problem release date: Devolution Max Brooks, 2020-06-16 NEW YORK TIMES BESTSELLER • The #1 New York Times bestselling author of *World War Z* is back with "the Bigfoot thriller you didn't know you needed in your life, and one of the greatest horror novels I've ever read" (Blake Crouch, author of *Dark Matter* and *Recursion*). FINALIST FOR THE LOCUS AWARD As the ash and chaos from Mount Rainier's eruption swirled and finally settled, the story of the Greenloop massacre has passed unnoticed, unexamined . . . until now. The journals of resident Kate Holland, recovered from the town's bloody wreckage, capture a tale too harrowing—and too earth-shattering in its implications—to be forgotten. In these pages, Max Brooks brings Kate's extraordinary account to light for the first time, faithfully reproducing her words alongside his own extensive investigations into the massacre and the legendary beasts behind it. Kate's is a tale of unexpected strength and resilience, of humanity's defiance in the face of a terrible predator's gaze, and, inevitably, of savagery and death. Yet it is also far more than that. Because if what Kate Holland saw in those days is real, then we must accept the impossible. We must accept that the creature known as Bigfoot walks among us—and that it is a beast of terrible strength and ferocity. Part survival narrative, part bloody horror tale, part scientific journey into the boundaries between truth and fiction, this is a Bigfoot story as only Max Brooks could chronicle it—and like none you've ever read before. Praise for *Devolution* "Delightful . . . [A] tale of supernatural mayhem that fans of King and Crichton alike will enjoy."—Kirkus Reviews (starred review) "The story is told in such a compelling manner that horror fans will want to believe and, perhaps, take the warning to heart."—Booklist (starred review)

3 body problem release date: Daily Reflections A a, Aa World Services Inc, 2017-07-27 This is a book of reflections by A.A. members for A.A. members. It was first published in 1990 to fulfill a long-felt need within the Fellowship for a collection of reflections that moves through the calendar year—one day at a time. Each page contains a reflection on a quotation from A.A.

Conference-approved literature, such as *Alcoholics Anonymous*, *Twelve Steps* and *Twelve Traditions*, As Bill Sees It and other books. These reflections were submitted by members of the A.A. Fellowship who were not professional writers, nor did they speak for A.A. but only for themselves, from their own experiences in sobriety. Thus the book offers sharing, day by day, from a broad cross section of

members, which focuses on the Three Legacies of Alcoholics Anonymous: Recovery, Unity and Service. *Daily Reflections* has proved to be a popular book that aids individuals in their practice of daily meditation and provides inspiration to group discussions even as it presents an introduction for some to A.A. literature as a whole.

3 body problem release date: *Guided by the Beauty of Their Weapons* Philip Sandifer, 2015-12-23 2015 was a messy and contentious year for science fiction, dominated by the Sad Puppies controversy, in which fascist entryists led by Vox Day, the pen name of Theodore Beale, exploited flaws in the Hugo Award nomination process to dictate the nominees, selecting works that favor his politics in an attempt to, in his view, save western civilization from people who poop wrong. This anthology of essays written by acclaimed Marxist occultist critic Philip Sandifer during 2015 starts from the Puppies controversy, presenting an alternative vision of science fiction grounded in progressive politics and the ability of the genre to explore strange and unthinkable ideas - one that holds that its primary value is its ability to do new things, as opposed to being in permanent debt to antiquated ideas and styles. The book includes: *Guided by the Beauty of Their Weapons*, an epic takedown of Vox Day. A transcript of a debate between Sandifer and Day about the relative merits of Iain Banks's classic novel *The Wasp Factory* and Puppy nominee *One Bright Star* to Guide Them. Essays on *Orphan Black*, *Hannibal*, *True Detective*, *Janelle Monáe*, *Ex Machina*, *Mr. Robot*, and more. A lengthy essay on *V for Vendetta* excerpted from the forthcoming first volume of *The Last War in Albion*. *Recursive Occlusion*, a non-fiction novella about Doctor Who and occultism. An exclusive interview with superstar Doctor Who writer Peter Harness. Many other weird things.

3 body problem release date: *The Exorcist* William Peter Blatty, 2010-01-26 Father Damien Karras: 'Where is Regan?' Regan MacNeil: 'In here. With us.' The terror begins unobtrusively. Noises in the attic. In the child's room, an odd smell, the displacement of furniture, an icy chill. At first, easy explanations are offered. Then frightening changes begin to appear in eleven-year-old Regan. Medical tests fail to shed any light on her symptoms, but it is as if a different personality has invaded her body. Father Damien Karras, a Jesuit priest, is called in. Is it possible that a demonic presence has possessed the child? Exorcism seems to be the only answer... First published in 1971, *The Exorcist* became a literary phenomenon and inspired one of the most shocking films ever made. This edition, polished and expanded by the author, includes new dialogue, a new character and a chilling new extended scene, provides an unforgettable reading experience that has lost none of its power to shock and continues to thrill and terrify new readers.
