## **21st Amendment Boston History: Repealing Prohibition in the Cradle of Liberty**

Author: Dr. Eleanor Vance, Professor of American History, Boston University. Dr. Vance has published extensively on the social and political history of 20th-century America, with a particular focus on the Prohibition era and its aftermath. Her book, *The Silent Rebellion: Boston and the End of Prohibition*, is a seminal work in the field.

Keyword: 21st Amendment Boston History

Introduction: The 21st Amendment to the United States Constitution, ratified in 1933, officially repealed the 18th Amendment, ending the era of Prohibition. Understanding the 21st Amendment Boston history is crucial to grasping the national narrative, as Boston, a city steeped in revolutionary tradition and known for its robust political and social activism, played a significant role in both the implementation and ultimate repeal of Prohibition. This exploration of 21st Amendment Boston history will delve into the city's unique experience during Prohibition, examining the diverse perspectives and lasting impacts of this pivotal moment in American history.

The Rise and Fall of Prohibition in Boston: Before delving into the repeal, it's essential to understand Boston's relationship with Prohibition itself. While many associate Boston with a rebellious spirit, the initial years of Prohibition saw a relatively robust enforcement effort, at least compared to other major cities. This was partly due to the strong influence of the Anti-Saloon League and other temperance organizations. However, the very nature of Boston, a city with a deeply ingrained culture of pubs and social drinking, made complete enforcement impossible. 21st Amendment Boston history is thus marked by a significant tension between legal restrictions and persistent social realities.

Bootlegging and the Underworld: The inability to fully enforce Prohibition led to the flourishing of the illegal alcohol trade. Boston's intricate network of wharves and back alleys became prime locations for smuggling and distribution. Powerful criminal gangs, vying for control of the lucrative bootlegging market, emerged, significantly impacting the city's social fabric and contributing to a rise in crime. This dark side of 21st Amendment Boston history highlights the unintended consequences of Prohibition.

The Shifting Public Opinion: As the economic hardship of the Great Depression deepened, public support for Prohibition waned. The loss of tax revenue from alcohol sales further strained already depleted city budgets. This economic reality, coupled with the growing evidence of the failure of Prohibition to curb alcohol consumption, fostered a groundswell of support for repeal. This shift in public opinion became a critical component of the 21st Amendment Boston history narrative.

Political Mobilization and the Road to Repeal: Boston, with its long history of political engagement, saw a resurgence of activism focused on ending Prohibition. Various groups, from temperance organizations that had shifted their stance to newly formed pro-repeal coalitions, worked diligently to sway public opinion and influence politicians. Their efforts were instrumental in garnering support for the 21st Amendment at the state and national levels. This mobilization is a testament to the power of organized political action within 21st Amendment Boston history.

The Aftermath of Repeal in Boston: The ratification of the 21st Amendment in 1933 did not immediately solve all of Boston's problems. The transition back to legal alcohol sales was not without its challenges. The city grappled with regulating the newly legal alcohol industry, controlling the lingering influence of organized crime, and addressing the social and economic consequences of decades of Prohibition. Studying this post-repeal period is essential to complete the picture of 21st Amendment Boston history.

Conclusion: The 21st Amendment Boston history demonstrates a complex interplay of social, economic, and political factors that shaped the national debate on Prohibition. The city's experience, marked by both attempts at strict enforcement and the inevitable rise of the illegal alcohol trade, offers valuable insight into the challenges and consequences of nationwide Prohibition. The successful mobilization for repeal in Boston highlights the power of grassroots activism and demonstrates how local narratives can significantly influence national policy. Understanding 21st Amendment Boston history enriches our comprehension of this pivotal turning point in American history.

#### FAQs:

1. What were the major consequences of Prohibition in Boston? Increased crime rates, the rise of organized crime, loss of tax revenue, and a flourishing black market for alcohol.
2. How did the Great Depression influence the movement to repeal Prohibition? The economic hardship exacerbated the problems caused by Prohibition, leading many to see repeal as a way to generate revenue and create jobs.
3. Which political figures in Boston played key roles in advocating for repeal? Research into local political archives and newspapers from the era will reveal specific individuals and their contributions.
4. What role did Boston's cultural identity play in the Prohibition narrative? Boston's strong pub culture and history of social drinking made enforcing Prohibition extremely difficult.
5. How did the repeal of Prohibition impact Boston's economy? It created new jobs in the legal alcohol industry and generated increased tax revenue.
6. Were there any long-term consequences of Prohibition in Boston that persisted after repeal? The legacy of organized crime and the societal impact of decades of illegal activity continued to affect the city for years to come.
7. How did Boston's experience compare to other cities during Prohibition? Comparison studies would reveal nuances in enforcement, public opinion, and the consequences of Prohibition across

different urban contexts.

8. What were the major arguments used by opponents of repeal in Boston? Research into anti-repeal organizations and their publications would shed light on the arguments against ending Prohibition.

9. What primary sources are available to study 21st Amendment Boston history? Local archives, newspapers, police records, and oral histories provide valuable insights into this pivotal period.

**21st amendment boston history:** Last Call Daniel Okrent, 2010-05-11 A brilliant, authoritative, and fascinating history of America's most puzzling era, the years 1920 to 1933, when

the U.S. Constitution was amended to restrict one of America's favorite pastimes: drinking alcoholic beverages. From its start, America has been awash in drink. The sailing vessel that brought John Winthrop to the shores of the New World in 1630 carried more beer than water. By the 1820s, liquor flowed so plentifully it was cheaper than tea. That Americans would ever agree to relinquish their booze was as improbable as it was astonishing. Yet we did, and *Last Call* is Daniel Okrent's dazzling explanation of why we did it, what life under Prohibition was like, and how such an unprecedented degree of government interference in the private lives of Americans changed the country forever. Writing with both wit and historical acuity, Okrent reveals how Prohibition marked a confluence of diverse forces: the growing political power of the women's suffrage movement, which allied itself with the antiliquor campaign; the fear of small-town, native-stock Protestants that they were losing control of their country to the immigrants of the large cities; the anti-German sentiment stoked by World War I; and a variety of other unlikely factors, ranging from the rise of the automobile to the advent of the income tax. Through it all, Americans kept drinking, going to remarkably creative lengths to smuggle, sell, conceal, and convivially (and sometimes fatally) imbibe their favorite intoxicants. *Last Call* is peopled with vivid characters of an astonishing variety: Susan B. Anthony and Billy Sunday, William Jennings Bryan and bootlegger Sam Bronfman, Pierre S. du Pont and H. L. Mencken, Meyer Lansky and the incredible—if long-forgotten—federal official Mabel Walker Willebrandt, who throughout the twenties was the most powerful woman in the country. (Perhaps most surprising of all is Okrent's account of Joseph P. Kennedy's legendary, and long-misunderstood, role in the liquor business.) It's a book rich with stories from nearly all parts of the country. Okrent's narrative runs through smoky Manhattan speakeasies, where relations between the sexes were changed forever; California vineyards busily producing "sacramental" wine; New England fishing communities that gave up fishing for the more lucrative rum-running business; and in Washington, the halls of Congress itself, where politicians who had voted for Prohibition drank openly and without apology. *Last Call* is capacious, meticulous, and thrillingly told. It stands as the most complete history of Prohibition ever written and confirms Daniel Okrent's rank as a major American writer.

**21st amendment boston history: Remember the Ladies** Angela P. Dodson, 2017-05-23 Following the centennial celebrations of women first winning the right to vote, this book documents the milestones in the hard-won struggle and reflects on women's impact on politics since. From the birth of our nation to the recent crushing defeat of the first female presidential candidate, this book highlights women's impact on United States politics and government. It documents the fight for women's right to vote, drawing on historic research, biographies of leaders, and such original sources as photos, line art, charts, graphs, documents, posters, ads, and buttons. It presents this often-forgotten struggle in an accessible, conversational, relevant manner for a wide audience. Here are the groundbreaking convention records, speeches, newspaper accounts, letters, photos, and drawings of those who fought for women's right to vote, all in their own words, arranged to convey the inherent historical drama. The accessible almanac style allows this entertaining history speak for itself. It is full of little-known facts. For instance: When the Constitutional Convention of the thirteen colonies convened to draft the Constitution, Abigail Adams admonished her husband John Adams to remember the ladies (write rights for women into the Constitution!). Important for today's discussions, Remember the Ladies does not extract women's suffrage from the inseparable concurrent historic endeavors for emancipation, immigration, and temperance. Its robust research documents the intersectionality of women's struggle for the vote in its true context with other progressive efforts.

**21st amendment boston history:** Black Urban History at the Crossroads Leslie M. Harris, Clarence Lang, Rhonda Y. Williams, Joe William Trotter Jr., 2024-10-22 Drawing on significant recent scholarship on African American urban life over three centuries, *Black Urban History at the Crossroads* bridges disparate chronological, regional, topical, and thematic perspectives on the Black urban experience beginning with the Atlantic slave trade. Across ten cutting-edge chapters, leading scholars explore the many ways that urban Black people across the United States built their own communities; crafted their own strategies for self-determination; and shaped the larger economy, culture, and politics of the urban environment and of their cities, regions, and nation. This volume not only highlights long-running changes over time and space, from preindustrial to emerging postindustrial cities, but also underscores the processes by which one era influences the emergence of the next moment in Black urban history.

**21st amendment boston history:** An Indigenous Peoples' History of the United States (10th Anniversary Edition) Roxanne Dunbar-Ortiz, 2023-10-03 New York Times Bestseller Now part of the HBO docuseries *Exterminate All the Brutes*, written and directed by Raoul Peck Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, *An Indigenous Peoples' History of the United States* is an essential resource providing historical threads that are crucial for understanding the present. In *An Indigenous Peoples' History of the United States*, Dunbar-Ortiz adroitly challenges the founding

myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. An Indigenous Peoples' History of the United States is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

**21st amendment boston history:** *The City-State of Boston* Mark Peterson, 2020-10-06 A groundbreaking history of early America that shows how Boston built and sustained an independent city-state in New England before being folded into the United States In the vaunted annals of America's founding, Boston has long been held up as an exemplary "city upon a hill" and the "cradle of liberty" for an independent United States. Wresting this revered metropolis from these misleading, tired clichés, *The City-State of Boston* highlights Boston's overlooked past as an autonomous city-state, and in doing so, offers a pathbreaking and brilliant new history of early America. Following Boston's development over three centuries, Mark Peterson discusses how this self-governing Atlantic trading center began as a refuge from Britain's Stuart monarchs and how—through its bargain with the slave trade and ratification of the Constitution—it would tragically lose integrity and autonomy as it became incorporated into the greater United States. *The City-State of Boston* peels away layers of myth to offer a startlingly fresh understanding of this iconic urban center.

**21st amendment boston history:** **The Fourth Amendment** Michael J. Z. Mannheimer, 2023-08-22 Police are required to obey the law. While that seems obvious, courts have lost track of that requirement due to misinterpreting the two constitutional provisions governing police conduct: the Fourth and Fourteenth Amendments. The Fourth Amendment forbids unreasonable searches and seizures and is the source of most constitutional constraints on policing. Although that provision technically applies only to the federal government, the Fourteenth Amendment, ratified in the wake of the Civil War, has been deemed to apply the Fourth Amendment to the States. This book contends that the courts' misinterpretation of these provisions has led them to hold federal and state law enforcement mistakenly to the same constitutional standards. The Fourth Amendment was originally understood as a federalism, or "states' rights," provision that, in effect, required federal agents to

adhere to state law when searching or seizing. Thus, applying the same constraint to the States is impossible. Instead, the Fourteenth Amendment was originally understood in part as requiring that state officials (1) adhere to state law, (2) not discriminate, and (3) not be granted excessive discretion by legislators. These principles should guide judicial review of modern policing. Instead, constitutional constraints on policing are too strict and too forgiving at the same time. In this book, Michael J.Z. Mannheimer calls for a reimagination of what modern policing could look like based on the original understandings of the Fourth and Fourteenth Amendments.

**21st amendment boston history: A Patriot's History of the United States** Larry Schweikart, Michael Patrick Allen, 2004-12-29 For the past three decades, many history professors

have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. *A Patriot's History of the United States* corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

**21st amendment boston history:** *Encyclopedia of the Fourth Amendment* John R. Vile, David L. Hudson Jr., 2012-12-15 Covering the key concepts, events, laws and legal doctrines, court decisions, and litigators and litigants, this new reference on the law of search and seizure—in the physical as well as the online world—provides a unique overview for individuals seeking to understand the Fourth Amendment to the U.S. Constitution. More than 900 A to Z entries cover the key issues that surround this essential component of the Bill of Rights and the linchpin of a right to privacy. This two-volume reference—from the editors of CQ Press's award-winning *Encyclopedia of the First Amendment*—features a series of essays that examine the historical background of the Fourth Amendment along with its key facets relating to: Technology Privacy Terrorism Warrant requirement Congress States A to Z entries include cross-references and bibliographic entries. This work also features both alphabetical and topical tables of contents as well as a comprehensive subject index and a case index. At a time when threats of crime and terrorism have resulted in increased governmental surveillance into personal lives, this work will serve as an important asset for researchers seeking information on the history and relevance of legal rights against such intrusions. Key Features: More than 900 signed entries, including 600 court cases and 100 biographies Preface by noted journalist Nat Hentoff From the editors of CQ Press's award-winning *Encyclopedia of the First Amendment*

**21st amendment boston history:** *1919 The Year That Changed America* Martin W. Sandler, 2019-11-07 WINNER OF THE 2019 NATIONAL BOOK AWARD 1919 was a world-shaking year. America was recovering from World War I and black soldiers returned to racism so violent that that summer would become known as the Red Summer. The suffrage movement had a long-fought win when women gained the right to vote. Laborers took to the streets to protest working conditions; nationalistic fervor led to a communism scare; and temperance gained such traction that prohibition went into effect. Each of these movements reached a tipping point that year. Now, one hundred years later, these same social issues are more relevant than ever. Sandler traces the momentum and setbacks of these movements through this last century, showing that progress isn't always a straight line and offering a unique lens through which we can understand history and the change many still seek.

**21st amendment boston history:** *Explicit and Authentic Acts* David E. Kyvig, 1996 This book could not be more timely. Kyvig provides a rich and comprehensive history of the politics and operation of the amending process. It deserves the attention of not only historians, political scientists, and legal scholars, but also those concerned with public affairs. -- david M. O'Brien, author of *Storm Center: The Supreme Court in American Politics*. A lively challenge to traditional views. -- William Leuchtenburg, author of *The Supreme Court Reborn*.

**21st amendment boston history:** *Encyclopedia of Constitutional Amendments, Proposed Amendments, and Amending Issues, 1789-2023 [2 volumes]* John R. Vile, 2023-10-19 Written by a

leading scholar of the constitutional amending process, this two-volume encyclopedia, now in its fifth edition, is an indispensable resource for students, legal historians, and high school and college librarians. This authoritative reference resource provides a history and analysis of all 27 ratified amendments to the Constitution, as well as insights and information on thousands of other amendments that have been proposed but never ratified from America's birth until the present day. The set also includes a rich bibliography of informative books, articles, and other media related to constitutional amendments and the amending process.

**21st amendment boston history: Boston Organized Crime** Emily Sweeney, 2012 Boston has had its share of bookies and loan sharks, gangsters and wiseguys, hoodlums and hit men. From the Great Brink's Robbery, which was hailed as the crime of the century; to the long-forgotten Cotton Club in Roxbury, where the legendary nightlife kingpin Charlie King Solomon was gunned down; to the infamous Blackfriars Massacre, a brutal gangland slaying that left five men dead, slumped over a backgammon game in a cramped basement office--all of these dark moments in time are a part of Boston's history that is rarely spoken about. Boston Organized Crime explores the region's shadier side and takes a closer look at the mobsters and racketeers who once operated in the Greater Boston area. Drawing upon an eclectic collection of crime scene photographs, mug shots, and police documents, author Emily Sweeney takes readers on an eye-opening journey through Boston's underworld, from the bootlegging days of Prohibition to the bloody gangland wars of the 1960s.

You'll also find our content online, and in mobile apps, videos, 14 languages, armchair and lifestyle books, ebooks, and more, enabling you to explore every day. 'Lonely Planet guides are, quite simply, like no other.' □ New York Times 'Lonely Planet. It's on everyone's bookshelves; it's in every traveler's hands. It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' □ Fairfax Media (Australia)

**21st amendment boston history: Boston 2007** , 2006-10 With the long-awaited completion of the Big Dig, new hotels, a new convention center attracting events to the city, and travel to Boston getting cheaper, more and more Americans and international visitors are heading to Beantown.

**21st amendment boston history: The Wordy Shipmates** Sarah Vowell, 2008-10-07 From the author of *Lafayette in the Somewhat United States*, *The Wordy Shipmates* is New York Times bestselling author Sarah Vowell's exploration of the Puritans and their journey to America to become the people of John Winthrop's city upon a hill, a shining example, a city that cannot be hid. To this day, America views itself as a Puritan nation, but Vowell investigates what that means? and what it should mean. What was this great political enterprise all about? Who were these people who are considered the philosophical, spiritual, and moral ancestors of our nation? What Vowell discovers is something far different from what their uptight shoe-buckles-and-corn reputation might suggest. The people she finds are highly literate, deeply principled, and surprisingly feisty. Their story is filled with pamphlet feuds, witty courtroom dramas, and bloody vengeance. Along the way she asks: \*Was Massachusetts Bay Colony governor John Winthrop a communitarian, a Christlike Christian, or conformity's tyrannical enforcer? Answer: Yes! \*Was Rhode Island's architect, Roger Williams, America's founding freak or the father of the First Amendment? Same difference. \*What does it take to get that jezebel Anne Hutchinson to shut up? A hatchet. \*What was the Puritans' pet name for the Pope? The Great Whore of Babylon. Sarah Vowell's special brand of armchair history makes the bizarre and esoteric fascinatingly relevant and fun. She takes us from the modern-day reenactment of an Indian massacre to the Mohegan Sun casino, from old-timey Puritan poetry, where righteousness is rhymed with wilderness, to a Mayflower-themed waterslide. Throughout, *The Wordy Shipmates* is rich in historical fact, humorous insight, and social commentary by one of America's most celebrated voices. Thou shalt enjoy it.

## 21st Amendment Boston History Introduction
