Author: Dr. Anya Sharma, PhD, Urban Planning & Real Estate Development, Certified Geographic Information Systems (GIS) Professional. Dr. Sharma has over 15 years of experience analyzing real estate data and trends, with a focus on technology hubs and their impact on regional economies.

Keywords: 530 Technology Dr Suite 100 Irvine CA 92618, Irvine Technology Business Park, Irvine California Real Estate, Technology Companies Irvine, Office Space Irvine CA, Business Address Irvine, Southern California Tech Hub, Commercial Real Estate Irvine.

Abstract: This comprehensive analysis explores the significance of the address 530 Technology Dr Suite 100 Irvine CA 92618, situating it within the broader context of Irvine's thriving technology ecosystem. We will delve into the building's characteristics, the companies likely occupying it, the economic impact of its location, and the broader implications for the region's technological advancement.

### **1. The Significance of 530 Technology Drive, Suite 100, Irvine, CA 92618**

The address 530 Technology Dr Suite 100 Irvine CA 92618 is located within the prestigious Irvine Technology Business Park, a cornerstone of Orange County's booming technology sector. This location offers significant advantages to businesses, including proximity to major transportation arteries, a highly skilled workforce, and a vibrant entrepreneurial environment. The precise tenant occupying Suite 100 at this address is not publicly available information without further research, requiring investigation into public business records and potentially contacting the building management. However, by analyzing the surrounding area and the type of building, we can infer the nature of the businesses likely to be housed there.

### **2. Irvine Technology Business Park: A Regional Powerhouse**

The Irvine Technology Business Park is a master-planned community designed specifically to attract and support technology companies. Its strategic location in Orange County, coupled with its infrastructure and amenities, makes it a highly sought-after location. The park boasts state-of-the-art facilities, ample parking, and a vibrant atmosphere conducive to innovation and collaboration. The concentration of technology companies within the park fosters a powerful network effect, benefiting

all residents. The address 530 Technology Dr Suite 100 Irvine CA 92618 directly benefits from this ecosystem.

### **3. Analyzing the Building and its Potential Tenants**

Buildings within the Irvine Technology Business Park are typically modern, well-maintained office spaces catering to a wide range of technology companies. Suite 100 at 530 Technology Drive is likely to house a company reflecting this trend. Potential tenants could range from established tech giants with satellite offices to rapidly growing startups. The size of the suite would influence the type of company likely to occupy it – a smaller suite might suit a startup or a small team, while a larger suite would accommodate a more established organization. Determining the exact occupant necessitates further investigation utilizing public business records and databases.

### **4. Economic Impact and Regional Significance**

The presence of businesses at 530 Technology Dr Suite 100 Irvine CA 92618 contributes to the overall economic health of Irvine and Orange County. These businesses generate jobs, attract investment, and contribute to the region's reputation as a technological leader. The concentration of tech companies in this area supports a highly skilled workforce, attracting talent from across the country and even internationally. This, in turn, fuels further economic growth and innovation.

### **5. Accessibility and Infrastructure**

The location's accessibility is a key factor in its appeal. 530 Technology Dr is conveniently located near major freeways, providing easy access to other parts of Orange County, Los Angeles, and beyond. This accessibility is crucial for businesses that need to transport goods, employees, and clients efficiently. The presence of public transportation options further enhances its appeal, promoting sustainable commuting practices.

### **6. The Broader Context of Irvine's Tech Scene**

Irvine's success as a technology hub is not accidental. It is the result of strategic planning, investment in infrastructure, and a supportive business environment. The city has actively courted technology companies, providing incentives and creating an atmosphere conducive to growth. The address 530 Technology Dr Suite 100 Irvine CA 92618 is a testament to this success, representing a small but significant piece of Irvine's thriving technological ecosystem.

## 7. Future Implications and Projections

The future of 530 Technology Dr Suite 100 Irvine CA 92618, and indeed the entire Irvine Technology Business Park, looks bright. The continued growth of the technology sector, coupled with Irvine's strategic location and business-friendly environment, points to sustained growth and development in the area. The address is likely to remain a desirable location for technology companies for years to come.

### Conclusion:

The address 530 Technology Dr Suite 100 Irvine CA 92618 represents more than just a physical location; it symbolizes Irvine's position as a key player in the global technology landscape. Its location within the thriving Irvine Technology Business Park grants it significant advantages, fostering economic growth and innovation within Orange County and beyond. Further research into the specific occupant of Suite 100 would provide a more detailed understanding of its contribution to this vibrant technological ecosystem.

Retaining the format that made the previous editions bestsellers in their own right, the fourth edition of Process Control and Optimization continues the tradition of providing quick and easy access to highly practical information. The authors are practicing

engineers, not theoretical people from academia, and their from-the-trenches advice has been repeatedly tested in real-life applications. Expanded coverage includes descriptions of overseas manufacturer's products and concepts, model-based optimization in control theory, new major inventions and innovations in control valves, and a full chapter devoted to safety. With more than 2000 graphs, figures, and tables, this all-inclusive encyclopedic volume replaces an entire library with one authoritative reference. The fourth edition brings the content of the previous editions completely up to date, incorporates the developments of the last decade, and broadens the horizons of the work from an American to a global perspective.
