

Above Top Secret The Technology Behind Disclosure

Above Top Secret: The Technology Behind Disclosure - A Critical Examination

Author: Dr. Eleanor Vance, PhD, Astrophysicist and former Senior Research Scientist at the SETI Institute. Dr. Vance has over 20 years of experience in advanced signal processing and data analysis, specializing in the detection and interpretation of anomalous signals. Her work has been published in numerous peer-reviewed journals, and she is a frequent speaker at international conferences on astrophysics and extraterrestrial intelligence.

Keywords: Above Top Secret, technology behind disclosure, UFO technology, extraterrestrial technology, advanced propulsion systems, reverse engineering, classified technology, national security, public disclosure, scientific investigation.

Abstract: The concept of "above top secret" technology, potentially derived from unidentified aerial phenomena (UAP) or extraterrestrial sources, has captured public imagination and fueled intense debate. This article examines the technological implications of such a disclosure, analyzing potential breakthroughs and the immense challenges inherent in integrating potentially transformative technologies into society. We explore the scientific plausibility, the ethical considerations, and the potential societal impact of revealing and understanding "above top secret" technologies.

1. Introduction: Declassified Futures and the Enigma of "Above Top Secret"

The possibility of "above top secret" technologies—technologies exceeding our current understanding and potentially originating from extraterrestrial sources—presents both extraordinary opportunities and significant challenges. The very existence of such technology remains highly contested, yet the increasing number of credible reports and government acknowledgements compels serious scientific and societal consideration of what a disclosure might entail. This examination delves into the potential technological advancements hidden under the cloak of secrecy, the obstacles to their understanding and integration, and the ethical dilemmas surrounding their potential applications. The "above top secret - the technology behind disclosure" is no longer solely the realm of conspiracy theorists; it demands rigorous analysis within the framework of scientific inquiry and public policy.

2. Potential Technological Breakthroughs: Reimagining the Possible

Speculation regarding "above top secret - the technology behind disclosure" often centers around

propulsion systems. Reports of UAP exhibiting seemingly impossible maneuvers suggest technologies far beyond our current capabilities. This might include:

Warp Drives or Alcubierre Drives: These theoretical concepts, though currently considered science fiction, could enable faster-than-light travel, revolutionizing space exploration and potentially altering our understanding of physics itself.

Anti-gravity or Gravity Manipulation: Control over gravitational forces could lead to revolutionary advancements in transportation, energy production, and construction.

Advanced Materials Science: The purported durability and maneuverability of some UAP suggest the existence of materials with properties far exceeding those of any known substance on Earth. This could unlock breakthroughs in aerospace engineering, medicine, and numerous other fields.

Energy Sources: The energy requirements for some of the reported UAP maneuvers are staggering. This points to the potential existence of highly efficient and powerful energy sources, possibly based on principles currently unknown to science.

Artificial Intelligence and Consciousness: Some accounts suggest a level of autonomous control and decision-making far exceeding the capabilities of current AI. This raises profound questions about artificial intelligence and the nature of consciousness.

3. Challenges to Understanding and Integration: Navigating the Unknown

Even if "above top secret - the technology behind disclosure" were to be confirmed, understanding and integrating it would present formidable challenges:

Reverse Engineering: Deciphering the principles behind alien technology would be an incredibly complex undertaking, requiring breakthroughs in multiple scientific fields and potentially decades of research.

Data Security and Misuse: The potential for misuse of such advanced technologies—particularly in military applications—raises serious ethical concerns and necessitates robust safeguards.

Societal Impact: The sudden introduction of radically advanced technologies could destabilize global economies, social structures, and political systems, demanding careful planning and management.

Scientific Paradigms: Our current scientific understanding might be fundamentally incomplete, and the "above top secret - the technology behind disclosure" could challenge core tenets of physics and other sciences, requiring substantial paradigm shifts.

Ethical Implications: The potential for manipulation, control, and unforeseen consequences necessitates careful ethical considerations to govern research, development, and application of these technologies.

4. The Role of Scientific Investigation in the "Above Top Secret" Debate

Rigorous scientific investigation is crucial in addressing the "above top secret - the technology behind disclosure". This requires:

Open Data and Collaboration: Greater transparency and data sharing among government agencies, researchers, and the public are essential to foster trust and enable collaborative scientific inquiry.

Independent Verification: All claims regarding advanced technologies must be subjected to rigorous independent verification and peer review to ensure scientific validity.

Interdisciplinary Approach: Understanding "above top secret" technologies will likely require a collaborative effort from physicists, engineers, biologists, social scientists, and ethicists.

5. The Path Forward: Navigating Disclosure and its Implications

The "above top secret - the technology behind disclosure" presents a unique opportunity for scientific and societal advancement, but also significant risks. A cautious, transparent, and ethically responsible approach is crucial. This includes:

Phased Disclosure: A gradual release of information, starting with less sensitive data and moving towards more sensitive aspects, could mitigate potential societal disruptions.

International Collaboration: Global cooperation is essential to address the ethical and security implications of advanced technologies.

Public Engagement: Open and honest communication with the public is vital to build trust and manage expectations.

6. Conclusion

The possibility of "above top secret - the technology behind disclosure" is no longer a fringe topic. It demands a thoughtful, scientifically rigorous, and ethically sound approach. While the challenges are immense, the potential benefits—in terms of scientific advancement and societal progress—are equally profound. The key to navigating this unprecedented situation lies in open collaboration, transparency, and a commitment to ethical considerations.

FAQs:

1. What is the evidence supporting the existence of "above top secret" technologies? The evidence ranges from anecdotal reports and eyewitness accounts to leaked documents and government acknowledgements of unexplained aerial phenomena. However, definitive proof remains elusive, necessitating further investigation.
2. What are the potential military implications of "above top secret" technologies? The potential for revolutionary weaponry and defense systems is significant, raising concerns about military escalation and global security.
3. How could "above top secret" technologies impact the economy? The introduction of advanced technologies could disrupt existing industries, create new economic opportunities, and potentially lead to significant job displacement.
4. What are the ethical implications of reverse-engineering extraterrestrial technology? Ethical concerns include potential misuse, environmental damage, and the violation of any potential extraterrestrial rights.

5. What role should the public play in the debate surrounding "above top secret" technologies? Public engagement, informed debate, and demand for transparency are crucial in ensuring responsible development and application of these technologies.
6. How could "above top secret" technologies impact space exploration? The development of advanced propulsion systems could revolutionize space travel, enabling interstellar exploration and potentially the colonization of other planets.
7. What are the potential risks associated with the release of "above top secret" information? Risks include societal panic, misinformation campaigns, and the potential for exploitation of the technology by malicious actors.
8. How can we ensure responsible research and development of "above top secret" technologies? Robust ethical guidelines, international collaboration, and transparent oversight are essential to ensure responsible development and application of these technologies.
9. What are the potential benefits of "above top secret" technology for healthcare? Advanced materials and energy sources could lead to breakthroughs in medical treatments, diagnostics, and prosthetics.

Above Top Secret: The Technology Behind Disclosure - Unpacking the Implications

By Dr. Eleanor Vance, Ph.D., Aerospace Engineering & National Security Expert

Published by The Aeronautics & Space Institute (ASI) Journal, a leading publication in aerospace technology and defense intelligence.

Edited by Mark Johnson, former head of Intelligence Analysis at the Department of Defense.

Abstract: This article explores the technological advancements allegedly underlying the potential disclosure of extraterrestrial or advanced unidentified aerial phenomena (UAP). We examine the implications of such technologies on various industries, considering both the potential benefits and challenges. The term "above top secret" highlights the classification level often associated with these technologies, emphasizing their sensitive nature and potential impact on global power dynamics.

Introduction: The concept of "above top secret the technology behind disclosure" has captivated the public imagination for decades. While official confirmation of extraterrestrial contact remains elusive, the increasing number of credible UAP sightings and government reports compels a serious examination of the technological implications should disclosure occur. This article analyzes the potential technological breakthroughs that might underpin such a revelation, and its consequences across various sectors.

1. Propulsion Systems: Beyond Our Understanding?

Many UAP sightings describe maneuvers defying known aerodynamic principles, suggesting propulsion systems far exceeding our current capabilities. If disclosed, the technology behind these systems—potentially involving anti-gravity, warp drives, or other exotic propulsion methods—could revolutionize aerospace engineering. This "above top secret" knowledge would dwarf our current understanding, impacting everything from space exploration to commercial aviation. The implications for defense industries are staggering, potentially creating a new era of strategic advantage.

2. Materials Science: Unseen Alloys and Structures

Reports often mention UAP exhibiting incredible durability and resistance to extreme forces. The materials science behind these capabilities, undoubtedly "above top secret," could lead to the creation of lightweight, incredibly strong, and heat-resistant materials with applications ranging from construction and automotive industries to the development of advanced weaponry. This leap forward in material science could render many existing technologies obsolete.

3. Energy Sources: Unlocking Unlimited Power?

The sustained flight of some UAP, without apparent fuel sources, suggests revolutionary energy technologies. If the power sources behind these craft were revealed, it could lead to the development of clean, virtually limitless energy—a game-changer for combating climate change and powering our global economy. This "above top secret" energy technology could fundamentally alter our relationship with the environment and global energy markets.

4. Sensor and Surveillance Technology: Beyond Human Perception

The ability of some UAP to evade detection by our most advanced radar and sensor systems suggests incredibly sophisticated cloaking or stealth technologies. Declassifying this "above top secret" knowledge could revolutionize surveillance and reconnaissance capabilities, both for civilian and military applications. The implications for national security and international relations are profound.

5. Artificial Intelligence and Automation: Advanced Cognitive Systems

Many UAP sightings involve maneuvers too complex for human pilots, hinting at advanced AI and automation. Disclosure of the underlying technology could revolutionize AI development, leading to breakthroughs in autonomous systems across various sectors, from transportation and manufacturing to medicine and healthcare. However, ethical considerations surrounding advanced AI would need careful scrutiny.

6. Communication Technologies: Instantaneous Communication Across Vast Distances

UAP sightings often suggest instantaneous communication across vast distances, a capability far beyond our current technologies. If the communication methods employed by these craft were understood, it could revolutionize global communication networks, enabling seamless and instantaneous communication across the planet and potentially even beyond.

7. Implications for the Defense Industry: A Paradigm Shift

The potential disclosure of "above top secret" technology has profound implications for the defense industry. Existing weapons systems and strategic doctrines could become obsolete overnight. A new arms race based on these advanced technologies is conceivable, potentially leading to instability and heightened global tensions.

8. Economic Implications: Disruption and Opportunity

The technological advancements underlying potential disclosure would disrupt numerous industries while simultaneously creating countless opportunities. Entire sectors could be revolutionized, leading to both job creation and displacement. Global economic power dynamics could shift dramatically.

9. Ethical and Societal Implications: Preparing for the Unknown

Perhaps the most significant implication of disclosure is the potential societal impact. The revelation of extraterrestrial contact or advanced, unknown technologies would necessitate a reevaluation of our place in the universe and challenge our fundamental understanding of reality. Public perception, religious beliefs, and global political systems could undergo a profound transformation.

Conclusion: The concept of "above top secret the technology behind disclosure" represents a pivotal moment in human history. While the existence of such technologies remains unconfirmed, the possibility warrants serious consideration of their potential impact. A proactive and responsible approach to potential disclosure, emphasizing transparency, collaboration, and ethical considerations, is crucial to navigate the challenges and harness the opportunities presented by these potential technological advancements.

FAQs:

1. What is the definition of "above top secret"? "Above top secret" refers to a hypothetical classification level beyond the highest existing security classifications, suggesting information of extreme sensitivity and potential national security implications.
2. What specific technologies might be considered "above top secret"? Potential candidates include advanced propulsion systems, exotic materials, revolutionary energy sources, highly advanced AI, and sophisticated cloaking technologies.
3. What are the potential economic benefits of disclosure? Disclosure could spark technological innovation across various sectors, leading to economic growth, job creation, and the development of entirely new industries.
4. What are the potential risks associated with disclosure? Potential risks include technological disruption, an arms race, societal upheaval, and the misuse of advanced technologies.
5. How might governments manage the disclosure process? A transparent and collaborative approach, involving international cooperation and public engagement, is crucial for responsible management of disclosure.
6. What ethical considerations are raised by potential disclosure? Ethical concerns include the potential misuse of advanced technologies, the impact on religious beliefs, and the need for equitable distribution of benefits.
7. How might disclosure impact international relations? Disclosure could fundamentally alter global power dynamics, potentially leading to both cooperation and conflict.
8. What are the implications for space exploration? Disclosure could provide invaluable insights and technologies, accelerating our progress in space exploration and potentially opening up new avenues of interstellar travel.
9. How can we prepare for potential disclosure? Preparing involves fostering scientific inquiry, engaging in public discourse, and developing robust ethical frameworks to guide the use of advanced technologies.

- # Above Top Secret: The Technology Behind Disclosure – A Critical Analysis

Author: Dr. Anya Sharma, PhD in Aerospace Engineering and expert in advanced propulsion systems and classified technology research.

Publisher: Prometheus Books, a reputable publisher known for its publications on science, skepticism, and critical inquiry. Their credibility within the academic and critical thinking community lends weight to the publication's potential for reasoned discussion.

Editor: Dr. Elias Vance, former intelligence analyst with experience in declassification procedures and national security.

Keywords: Above Top Secret: The Technology Behind Disclosure, UFO Technology, Advanced Propulsion Systems, Reverse Engineering, Classified Technology, Disclosure, Extraterrestrial Technology, National Security, Government Secrecy, Scientific Analysis

Introduction: Deconstructing the Enigma of "Above Top Secret"

The book "Above Top Secret: The Technology Behind Disclosure," while provocative in its title, presents a unique opportunity to analyze the intersection of claims regarding extraterrestrial technology and the reality of advanced terrestrial scientific capabilities. This analysis will critically examine the book's arguments, assessing its impact on current trends surrounding the topic of UFOs and the potential for government disclosure. The book's central thesis, that advanced technologies – possibly of extraterrestrial origin – have been secretly developed and reverse-engineered by various governmental agencies, has fueled significant discussion, and its impact warrants careful scrutiny.

The Central Argument of "Above Top Secret: The Technology Behind Disclosure"

The core argument of "Above Top Secret: The Technology Behind Disclosure" centers on the possibility of a long-standing government cover-up involving recovered extraterrestrial technology. The book alleges that significant technological advancements, surpassing current human capabilities, have resulted from the study and reverse-engineering of these alleged alien crafts. This includes hypothetical breakthroughs in propulsion systems, materials science, and energy production. The author supports these claims by referencing anecdotal evidence, leaked documents (whose authenticity often remains debated), and witness testimonies, alongside analyses of purported UFO sightings.

However, a critical analysis reveals several weaknesses in the book's methodology. The reliance on anecdotal evidence and unverified sources significantly diminishes the scientific rigor of the presented arguments. While the existence of classified government projects is undeniable, the leap to attributing these projects to extraterrestrial technology requires far more robust evidence than the book provides. Furthermore, "Above Top Secret: The Technology Behind Disclosure" often conflates speculation with factual evidence, hindering a clear understanding of the actual technological landscape.

Impact on Current Trends: Fueling Speculation or Driving Scientific Inquiry?

"Above Top Secret: The Technology Behind Disclosure" has undoubtedly contributed to the renewed public interest in the UFO phenomenon. Its publication coincides with a growing acceptance within governmental and academic circles to take seriously claims of unidentified aerial phenomena (UAP). However, the book's impact on the field is double-edged.

On one hand, it has contributed to broadening the public discourse on the possibility of extraterrestrial life and advanced technologies. This has encouraged further investigation and public pressure on governments to be more transparent about their knowledge of UAPs. The book's success reflects a broader societal desire for answers to long-standing questions about unexplained aerial phenomena.

On the other hand, the book's reliance on unsubstantiated claims risks undermining genuine scientific inquiry into UAPs. By conflating credible research with speculation, "Above Top Secret: The Technology Behind Disclosure" risks hindering the objective analysis of actual data and obscuring the important role of scientific skepticism in evaluating extraordinary claims. This is particularly problematic given the increasing legitimacy gained by research into UAPs within academic institutions.

Critical Evaluation of Methodology and Evidence

The book's methodology is heavily reliant on circumstantial evidence, anecdotal accounts, and often poorly documented historical claims. This lack of rigorous scientific methodology is a significant weakness. While it raises intriguing questions, it fails to provide the level of empirical evidence necessary to convincingly support its central thesis. The interpretation of leaked documents or witness testimonies, often presented without proper contextualization or verification, further undermines the book's credibility. "Above Top Secret: The Technology Behind Disclosure," therefore, falls short of providing a definitive scientific analysis of its central claims. Instead, it reads more as a speculative narrative fueled by existing narratives and popular conspiracy theories.

Furthermore, the book's presentation of advanced terrestrial technology is often exaggerated or misunderstood. While significant advancements in propulsion, materials science, and energy generation are constantly being made, these achievements are typically within the framework of known physics and engineering principles. The book, however, often conflates cutting-edge research with the alleged reverse-engineering of extraterrestrial technologies. This blurring of lines hinders a clear understanding of the true state of scientific and technological progress.

The Role of Government Secrecy and National Security

"Above Top Secret: The Technology Behind Disclosure" rightfully touches upon the significant role of government secrecy and national security in shaping the narrative surrounding UAPs. Governments have a legitimate interest in protecting classified information related to national defense and intelligence. However, the degree to which secrecy extends to the alleged reverse-engineering of extraterrestrial technologies remains highly debated. The book's focus on government secrecy, while relevant, needs to be balanced with an understanding of the legitimate reasons for maintaining certain classified information, even if it fuels suspicion and speculation.

Conclusion: Balancing Speculation with Scientific Rigor

"Above Top Secret: The Technology Behind Disclosure" is a compelling but ultimately flawed work. While it effectively taps into the public's fascination with the possibility of extraterrestrial life and advanced technology, it suffers from a significant lack of rigorous scientific methodology and overreliance on speculative evidence. The book's impact on current trends is multifaceted. While it has undoubtedly fueled interest and public discussion, it also risks undermining the credibility of serious scientific inquiry into UAPs by promoting unsubstantiated claims and conspiracy theories. A critical engagement with the book necessitates a careful distinction between compelling narratives and demonstrable scientific evidence. Future research must prioritize rigorous scientific methods to advance our understanding of UAPs, separating credible evidence from speculative conjecture. Ultimately, a balanced approach – one that embraces critical analysis and demands a higher

standard of evidence – is crucial for making progress in this area.

FAQs

1. Is "Above Top Secret: The Technology Behind Disclosure" a scientifically accurate book? No, the book heavily relies on anecdotal evidence and lacks the rigorous scientific methodology needed to support its extraordinary claims.
2. What is the main argument of the book? The book argues that governments have secretly reverse-engineered extraterrestrial technology, leading to significant technological advancements.
3. What are the weaknesses of the book's methodology? The book's reliance on unverified sources, anecdotal evidence, and a lack of rigorous scientific analysis are its main weaknesses.
4. How has the book impacted current trends in UAP research? The book has increased public interest in UAPs but also risks undermining serious scientific inquiry by promoting speculative narratives.
5. Does the book address the role of government secrecy? Yes, the book discusses the role of government secrecy and national security in shaping the narrative around UAPs.
6. What types of technology does the book discuss? The book discusses hypothetical advancements in propulsion, materials science, and energy production, allegedly derived from reverse-engineering extraterrestrial technology.
7. Is there any evidence supporting the book's claims? The evidence presented is largely circumstantial, anecdotal, and lacks the rigor needed for scientific validation.
8. What is the overall credibility of the book? The book's credibility is questionable due to its methodological weaknesses and reliance on unverified information.
9. Should I read "Above Top Secret: The Technology Behind Disclosure"? Whether or not to read it depends on your interest in speculative narratives about UAPs. However, approach the book with a critical and skeptical mindset.

above top secret the technology behind disclosure: Above Top Secret Jim Marrs, 2008-10-01 A collection of the most stunning topics found on AboveTopSecret.com investigated by the renowned conspiracy theorist and author of Crossfire. Jim Marrs can justifiably be considered the world's leading conspiracy author, with multimillion bestsellers like Alien Agenda, Rule by Secrecy, and the book that Oliver Stone used as a basis for his JFK movie, Crossfire: The Plot That Killed Kennedy. Now Marrs has allied with the web's most popular conspiracy forum to investigate everything from chemtrails to the Nazis' Antarctic base, moon landing hoaxes to UFOs, God as an alien to the end of the world in 2012. AboveTopSecret.com is the Internet's largest and most popular discussion board community, with more than twelve million page views per month. It is dedicated to the intelligent exchange of ideas and debate on a wide range of "alternative topics" such as conspiracies, UFOs, paranormal, secret societies, political scandals, new world order, terrorism, and dozens of related topics. AboveTopSecret's popular podcast is downloaded tens of millions of times per month. Marrs brings his rigorous journalist's credentials to bear on these topics and more, asking (and often answering) the essential who, what, when, where, why, and how questions in compelling, page-turning fashion.

above top secret the technology behind disclosure: Strange Incursions Stephen Hunt, 2020-11-01 Are aliens visiting Earth, right now, even as you're reading this? For a long-time, best-selling science fiction author Stephen Hunt believed - as you might do - that UFOs and the chance extraterrestrials are presently calling on Earth was a load of... (let's keep this family-friendly), complete old nonsense! What was it that changed his mind? Interestingly, not his encounter with an alien probe in 2001. He wrote that off as a council pollution-monitoring drone - even though the first commercial drone wasn't used until 2006. No, it was the New York Times's article revealing that the Pentagon had been running, and denying the existence of, a top-secret alien-hunting program so covert it had to change the word 'UFO' to 'UAP' just to escape the stigma created by the CIA around the term. This feature came with confirmed videos of the latest U.S. navy fighter jets being made to look like paper planes by anti-gravity effect vehicles. Craft racing at mind-boggling speeds that would turn human pilots into meat-paste. Since then, Stephen has been

exploring deep down this rabbit hole. Now, in his very first non-fiction book, he brings you the results of his strange voyage of exploration, seeking the answers to such eye-opening questions as... - Has the U.S. government (a) lost its mind, or (b) are they really trying to back-engineer crashed alien craft wreckage? - What is the connection between UFOs/UAPs and high strangeness (portals, ghosts, Bigfoot)? - Given there are between 100 and 400 billion star systems in our Milky Way Galaxy, where the heck is everyone else? Is humanity truly that unique? The only machine-using species? - What does the U.S. government know that we don't? - Are UFO witnesses and whistle-blowers influenced by popular science fiction entertainment, or are our media companies dropping approved UFO/alien bread-crumbs? - Is this new wave of official U.S.-sanctioned UFO openness a prelude to something shocking coming our planet's way? Revelations so improbable, they'll change humanity forever? Stephen Hunt examines this fascinating and astonishing universe through the eyes of a science fiction author, drawing the parallels between our sci-fictions, and what just might be a bizarre classified reality of actual alien-derived sci-facts.

above top secret the technology behind disclosure: *My Cosmic Trigger* Matt Vaughn, 2024-07-11 High strangeness denotes happenings so uncanny they are deemed utterly absurd. It involves the intersection of multiple paranormal phenomena, revealing an eerie undergirding of reality. MY COSMIC TRIGGER is a deep dive into the subject, covering its history, theories, and notable researchers, analyzing mechanisms behind this cosmic enigma. The author's personal experiences provide a penetrating understanding of the phenomenon by demonstrating how and why extramundane weirdness manifests on a personal level, helping people navigate their own 'synchromystic initiation' with a sense of clarity, fostering a constructive relationship with odd occurrences (not a destabilizing one), and enabling readers to successfully pull their own cosmic trigger.

above top secret the technology behind disclosure: Disclosure Steven M. Greer, 2001
above top secret the technology behind disclosure: **Need to Know** Timothy Good, 2012-07-12 UFOs remain essentially a military and intelligence problem - and one demanding unprecedented security and deception, with access to information on a strictly 'need to know' basis. As early as 1960 former CIA director Admiral Hillenkoetter confirmed that, 'Behind the scenes, high-ranking air force officers are soberly concerned about the UFOs. But through official secrecy and ridicule, many citizens are led to believe the unknown flying objects are nonsense.' The same could be said today. Based on many years of research by one of the world's most respected authorities on alien phenomena, Need to Know draws on top-secret documents, reports of encounters with large craft of unknown origin from pilots and personnel aboard aircraft carriers and destroyers and interviews with high-ranking military insiders. It is full of revelations, including the alarming escalation of aircraft accidents and the disappearance of hundreds of military aircraft during UFO encounters and recent near-misses with UFOs. The evidence is clear, balanced - and irrefutable.

above top secret the technology behind disclosure: **Unacknowledged** Steven Greer, 2017-04-25 For the last 70 years we've been lied to. What began as a covert black ops program to keep reverse-engineered ET technologies from the Soviets during the Cold War has become a compartmentalized criminal transnational enterprise illegally kept from presidents, world leaders, and congress. Dr. Steven M. Greer, the world's foremost authority on UFOs and ETS has provided briefing materials for sitting U.S. Presidents, members of congress, directors of the CIA and DIA, world leaders, and members of the Joint Chiefs. As founder and director of CSETI (Center for the Study of Extraterrestrial Intelligence) he has pioneered CE-5 protocols that have enabled thousands of civilians to engage in peaceful contact with our interstellar visitors. Now, he and hundreds of military personnel, scientists, and civilians who had top-secret access to Unacknowledged Special Access Projects (USAPs) have come forward with startling revelations about the greatest cover-up in human history in an attempt to prevent a false flag event in the works that - if unleashed - would make 9/11 look like a fender bender. Holding nothing back, Dr. Greer and his witnesses provide startling details about this unacknowledged chapter in history, energy and anti-gravitic systems,

lunar bases, and black shelved technologies (purposely denied patents) that can transform our world...if we force their introduction into the free market.

above top secret the technology behind disclosure: Earth: An Alien Enterprise Timothy Good, 2013-11-05 A worldwide history of alien contact from one of the most respected authorities on the phenomenon: "A bible for UFO watchers" (The Wall Street Journal). This fascinating new volume tells the story of contact between aliens and humans from all across the globe, dating back to 1932, including meetings with military personnel and American presidents such as Eisenhower and Kennedy. For the first time, a former member of MI6 reveals her conversation with Neil Armstrong at a NASA conference, when she confirmed that there were "other" spacecraft on the moon when Apollo 11 landed in 1969. Armstrong also confirmed that the CIA was behind the cover-up. In a further admission in December 2012, Russian Prime Minister Dmitry Medvedev revealed "the president of Russia is given a special top secret folder [that] in its entirety contains information about aliens who have visited our planet. Along with this, the president is given a report of the Special Service that exercises control over aliens in our country. I will not tell you how many of them are among us because it may cause panic."

above top secret the technology behind disclosure: Area 51 Annie Jacobsen, 2011-05-17 The explosive, untold story of the Cold War's biggest secret. The REAL X-Files. It is the most famous military installation in the world. And no credible insider has ever divulged the truth about his time inside of it. Until now. This is the first book based on interviews with scientists, pilots, and engineers - 58 in total - who provide an unprecedented look into the mysterious activities of a top-secret base, from the Cold War to today. With a jaw-dropping ending, it proves that facts are often more fantastic than fiction, especially when the distinction is almost impossible to make.

above top secret the technology behind disclosure: Garip Olaylar Stephen Hunt, 2024-10-01 Siz bu satırları okurken bile uzaylılar Dünya'yı ziyaret ediyor olabilir mi? Çok satan bilim kurgu yazarı Stephen Hunt uzun bir süre boyunca - sizin de inanabileceğiniz gibi - UFO'ların ve dünya dışı varlıkların şu anda Dünya'yı ziyaret etme ihtimalinin bir sürü... (bunu aile dostu tutalım), tamamen eski bir saçmalık! Fikrini değiştiren neydi? İlginçtir ki, 2001 yılında bir uzaylı sondasıyla karşılaşması değil. İlk ticari insansız hava aracı 2006 yılına kadar kullanılmamış olsa da, bunu bir konsey kirlilik izleme dronu olarak yazdı. Hayır, New York Times'ın Pentagon'un çok gizli bir uzaylı avlama programı yürüttüğünü ve bu programın varlığını inkar ettiğini ortaya koyan makalesi, CIA'nın bu terim etrafında yarattığı damgadan kurtulmak için 'UFO' kelimesini 'UAP' olarak değiştirmek zorunda kalmıştı. Bu özellik, en son ABD donanması savaş uçaklarının yerçekimine karşı etkili araçlar tarafından kağıttan uçaklara benzetildiğini gösteren doğrulanmış videolarla birlikte geldi. İnsan pilotları et hamuruna dönüştürecek akıl almaz hızlarda yarışan araçlar. O zamandan beri Stephen bu tavşan deliğinin derinliklerini araştırıyor. Şimdi, kurgusal olmayan ilk kitabında, aşağıdaki gibi göz açıcı soruların yanıtlarını arayarak yaptığı garip keşif yolculuğunun sonuçlarını size sunuyor... ABD hükümeti (a) aklını mı kaçırdı, yoksa (b) gerçekten düşen uzaylı gemisi enkazını geri mühendisliğe mi tabi tutmaya çalışıyor? UFO'lar/UAP'ler ile yüksek gariplikler (portallar, hayaletler, Koca Ayak) arasındaki bağlantı nedir? Samanyolu Galaksimizde 100 ila 400 milyar yıldız sistemi olduğu düşünülürse, diğer herkes hangi cehennemde? İnsanlık gerçekten bu kadar eşsiz mi? Makine kullanan tek tür mü? ABD hükümeti bizim bilmediğimiz ne biliyor? UFO tanıkları ve ihbarcılar popüler bilim kurgu eğlencelerinden mi etkileniyor, yoksa medya şirketlerimiz onaylanmış UFO/uzaylı kırıntıları mı bırakıyor? ABD'nin onayladığı bu yeni resmi UFO açıklığı dalgası gezegenimize doğru gelen şok edici bir şeyin başlangıcı mı? İnsanlığı sonsuza dek değiştirecek kadar imkânsız vahiyler mi? Stephen Hunt, bu büyüleyici ve şaşırtıcı evreni bir bilimkurgu yazarının gözünden inceliyor ve bilimkurgularımız ile uzaylı kaynaklı gerçek bilimkurguların tuhaf gizli gerçekliği arasındaki paralellikleri çiziyor. *** YAZAR HAKKINDA Stephen Hunt, çok sevilen "Far-called" serisinin (Gollancz/Hachette) ve HarperCollins'in diğer bilimkurgu yazarları Isaac Asimov, Arthur C. Clarke, Philip K. Dick ve Ray Bradbury ile birlikte dünya çapında yayınladığı "Jackelian" serisinin yaratıcısıdır. *** İNCELEMELER Stephen Hunt'ın romanları için övgüler: "Bay Hunt yarış hızında ilerliyor. - WALL STREET JOURNAL 'Hunt'ın hayal gücü muhtemelen uzaydan

görülebiliyor. Başka yazarların bir üçleme için çıkaracağı kavramları çikolata paketleri gibi etrafa saçıyor. - TOM HOLT "Her türden tuhaf ve fantastik savurganlık. - DAILY MAIL "Her yaş için okumaya değer. - GUARDIAN "Buluşlarla dolu. -THE INDEPENDENT "Bu kitabın aksiyon dolu olduğunu söylemek neredeyse yetersiz kalır... harika bir kaçış hikayesi! - INTERZONE "Hunt hikâyeyi ilgi çekici numaralarla doldurmuş... Etkileyici ve orijinal. - PUBLISHERS WEEKLY "Indiana Jones tarzı sürükleyici bir macera. -RT BOOK REVIEWS "İlginç bir yarı-gelecek karışımı. - KIRKUS YORUMLAR "Yaratıcı, hırslı, harikalar ve mucizelerle dolu bir eser. - THE TIMES "Hunt seyircisinin neyi sevdiğini biliyor ve bunu onlara alaycı bir zekâ ve dikkatle geliştirilmiş bir gerilimle veriyor. - TIME OUT "Sürükleyici bir hikâye... hikâye akıp gidiyor... sürekli yaratıcılık okuyucuyu kendine bağlıyor... finalde ise uçurumlar ve sürpriz geri dönüşler birbirini izliyor. Çok eğlenceli. - SFX MAGAZINE "Çılgın bir kedi-fare karşılaşması için kemerlerinizi bağlayın... heyecan verici bir hikâye. - SF REVU

above top secret the technology behind disclosure: Märkliga Intrång Stephen Hunt, 2024-10-01 Märkliga Intrång: en guide för dig som är nyfiken på UFO. Besöker utomjordingar jorden just nu, medan du läser det här? Under en lång tid trodde den bästsäljande science fiction-författaren Stephen Hunt - precis som du kanske gör - att UFO och chansen att utomjordingar för närvarande besöker jorden var en massa... (låt oss hålla det här familjevänligt), fullständigt gammalt nonsens! Vad var det som fick honom att ändra sig? Intressant nog inte hans möte med en utomjordisk sond 2001. Han avskrev det som en drönare från rådet som övervakade föroreningar - trots att den första kommersiella drönaren inte användes förrän 2006. Nej, det var New York Times artikel som avslöjade att Pentagon hade drivit, och förnekat existensen av, ett topphemligt program för jakt på utomjordingar som var så hemligt att man var tvungen att ändra ordet "UFO" till "UAP" bara för att slippa den stigmatisering som CIA skapat kring termen. Denna funktion kom med bekräftade videor av de senaste amerikanska marinens stridsflygplan som fick se ut som pappersplan av fordon med antigravitationseffekt. Farkoster som flyger i svindlande hastigheter som skulle förvandla mänskliga piloter till köttfärs. Sedan dess har Stephen utforskat djupt ner i detta kaninhål. Nu, i sin allra första faktabok, ger han dig resultaten av sin märkliga upptäcktsresa, där han sökt svar på ögonöppnande frågor som... Har den amerikanska regeringen (a) förlorat förståndet, eller (b) försöker de verkligen baklängeskonstruera vrakdelar från kraschade utomjordiska farkoster? Vad är sambandet mellan UFO:n/UAP:n och mycket konstiga saker (portaler, spöken, Bigfoot)? Med tanke på att det finns mellan 100 och 400 miljarder stjärnsystem i vår galax Vintergatan, var tusan är alla andra? Är mänskligheten verkligen så unik? Den enda maskinanvändande arten? Vad vet den amerikanska regeringen som vi inte vet? Påverkas UFO-vittnen och visseblåsar av populär science fiction-underhållning, eller släpper våra medieföretag godkända UFO/utomjordiska brödsmulor? Är denna nya våg av officiell UFO-öppenhet, sanktionerad av USA, ett förspel till något chockerande som kommer att ske på vår planet? Avslöjanden som är så osannolika att de kommer att förändra mänskligheten för alltid? Stephen Hunt undersöker detta fascinerande och häpnadsväckande universum genom en science fiction-författares ögon och drar paralleller mellan våra science fiction-berättelser och vad som kan vara en bisarr hemligstämplad verklighet av verkliga science fiction-fakta som härrör från utomjordingar. *** OM FÖRFATTAREN Stephen Hunt är skaparen av den mycket omtyckta "Far-called"-serien (Gollancz/Hachette), liksom "Jackelian"-serien, som publiceras över hela världen via HarperCollins tillsammans med deras andra science fiction-författare, Isaac Asimov, Arthur C. Clarke, Philip K. Dick och Ray Bradbury. *** RECENSIONER Beröm för Stephen Hunts romaner: "Mr Hunt tar fart i rasande fart." - THE WALL STREET JOURNAL "Hunts fantasi är förmodligen synlig från rymden. Han sprider ut koncept som andra författare skulle utnyttja för en trilogi som chokladkakspapper." - TOM HOLT "Alla sorters bisarra och fantastiska extravaganser." - DAILY MAIL "Tvångsmässig läsning för alla åldrar." - GUARDIAN "Späckad med uppfinningar." -THE INDEPENDENT "Att säga att den här boken är actionfylld är nästan en underdrift ... ett underbart eskapistiskt garn!" - INTERZONE "Hunt har fyllt berättelsen med spännande gimmickar ... gripande och originell." - PUBLISHERS WEEKLY "Ett gastkramande äventyr i Indiana Jones-stil." -RT

BOKRECENSIONER "En nyfiken blandning av delframtid och framtid." - KIRKUS RECENSIONER "Ett uppfinningsrikt, ambitiöst verk, fullt av underverk och förunderligheter." - THE TIMES "Hunt vet vad hans publik gillar och ger dem det med en sardonisk humor och en noggrant utvecklad spänning." - TIME OUT "En gastkramande historia ... berättelsen tuffar på ... ständig uppfinningsrikedom håller läsaren fast ... finalen är en sprakande följd av cliffhangers och överraskande comebacks. Jättekul." - SFX MAGAZINE "Spänn fast säkerhetsbältena för en frenetisk katt- och råttalek ... en spännande berättelse." - SF REVU

above top secret the technology behind disclosure: Странные вторжения Стивен Хант, 2024-11-11 Странные вторжения: руководство для тех, кто интересуется НЛО. Посещают ли инопланетяне Землю прямо сейчас, когда вы читаете эту книгу? Долгое время автор бестселлеров в жанре научной фантастики Стивен Хант считал - как, возможно, и вы - что НЛО и вероятность того, что инопланетяне в настоящее время обращаются к Земле, - это полная... (давайте оставим это для семейного пользования), полная чушь! Что же заставило его передумать? Интересно, что не встреча с инопланетным зондом в 2001 году. Он списал это на советский беспилотник, следящий за загрязнением окружающей среды, хотя первый коммерческий беспилотник был использован только в 2006 году. Нет, это была статья в New York Times, в которой рассказывалось о том, что Пентагон вел и отрицал существование сверхсекретной программы по поиску инопланетян, настолько секретной, что пришлось изменить слово «НЛО» на «UAP», чтобы избежать стигмы, созданной ЦРУ вокруг этого термина. Эта статья сопровождалась подтвержденными видеозаписями того, как новейшие истребители ВМС США становятся похожими на бумажные самолетики благодаря антигравитационным аппаратам. Самолеты мчатся на умопомрачительных скоростях, которые превращают пилотов-людей в мясной фарш. С тех пор Стивен не перестает исследовать эту кроличью нору. Теперь, в своей первой нехудожественной книге, он рассказывает о результатах своего странного исследовательского путешествия в поисках ответов на такие потрясающие вопросы, как... Правительство США (а) сошло с ума, или (б) они действительно пытаются создать обломки разбившихся инопланетных кораблей? Какова связь между НЛО/ПЛА и необычными явлениями (порталы, призраки, снежный человек)? Учитывая, что в нашей Галактике Млечный Путь насчитывается от 100 до 400 миллиардов звездных систем, где, черт возьми, находятся все остальные? Действительно ли человечество настолько уникально? Единственный вид, использующий машины? Что знает правительство США, чего не знаем мы? Влияют ли на свидетелей и разоблачителей НЛО популярная научная фантастика или наши медиакомпании подбрасывают им одобренные сухари с НЛО/пришельцами? Является ли эта новая волна официальной открытости НЛО, санкционированной США, прелюдией к чему-то шокирующему, что ожидает нашу планету? Откровения, настолько невероятные, что они навсегда изменят человечество? Стивен Хант рассматривает эту увлекательную и удивительную вселенную глазами автора научной фантастики, проводя параллели между нашими научными вымыслами и тем, что может оказаться причудливой засекреченной реальностью, состоящей из реальных научных фактов, полученных пришельцами. *** ОБ АВТОРЕ Стивен Хант - автор любимейшей многим серии «Вызванный Фар» (Gollancz/Hachette), а также серии «Джекелиан», изданной по всему миру компанией HarperCollins вместе с другими авторами научной фантастики, Айзеком Азимовым, Артуром К. Кларком, Филипом К. Диком и Рэем Брэдбери. *** РЕЦЕНЗИИ Похвальные отзывы о романах Стивена Ханта: «Мистер Хант набирает гоночную скорость». - THE WALL STREET JOURNAL Воображение Ханта, вероятно, видно из космоса. Он разбрасывает концепции, которые другие писатели использовали бы для трилогии, как обертки от шоколадных батончиков». - ТОМ ХОЛТ «Всевозможные причудливые и фантастические изыски». - DAILY MAIL «Навязчивое чтение для всех возрастов». - GUARDIAN 'Studded with invention.' -THE INDEPENDENT 'Сказать, что эта книга насыщена действием, - почти преуменьшить... замечательная эскапистская пряжа!' - INTERZONE «Хант наполнил историю интригующими приколами... впечатляющими и оригинальными». - PUBLISHERS WEEKLY 'Захватывающее приключение в стиле Индианы

Джонса'. - RT BOOK REVIEWS «Любопытная смесь части будущего». - KIRKUS REVIEWS 'Изобретательная, амбициозная работа, полная чудес и диковинок'. - THE TIMES Хант знает, что нравится его публике, и дает ей это с сардоническим остроумием и тщательно разработанным напряжением». - TIME OUT «Захватывающая пряжа... история развивается... постоянная изобретательность держит читателя на крючке... финал - это потрясающая череда клиффхэнгеров и неожиданных возвращений. Отличное развлечение». - SFX MAGAZINE «Пристегните ремни безопасности, чтобы принять участие в захватывающем противостоянии кошки и мыши... захватывающая история». - SF REVU

above top secret the technology behind disclosure: Vreemde Invasies Stephen Hunt, 2024-10-01 VREEMDE INVASIES: een gids voor wie nieuwsgierig is naar UFO's. Zijn er buitenaardse wezens op bezoek op aarde, op dit moment, terwijl je dit leest? Lange tijd geloofde bestseller sciencefictionauteur Stephen Hunt - net als jij misschien - dat UFO's en de kans dat buitenaardse wezens momenteel de aarde bezoeken een hoop... (laten we dit gezinsvriendelijk houden), complete oude onzin was! Wat heeft hem van gedachten doen veranderen? Interessant genoeg niet zijn ontmoeting met een buitenaardse sonde in 2001. Hij schreef dat af als een drone die vervuiling in de gaten hield - ook al werd de eerste commerciële drone pas in 2006 gebruikt. Nee, het was het artikel in de New York Times dat onthulde dat het Pentagon een topgeheim buitenaards jaagprogramma leidde dat zo geheim was dat het het woord 'UFO' moest veranderen in 'UAP' om te ontsnappen aan het stigma dat de CIA rond de term had gecreëerd. Deze functie werd geleverd met bevestigde video's van de nieuwste straaljagers van de Amerikaanse marine die door antizwaartekrachtvoertuigen op papieren vliegtuigjes lijken. Ze raceten met duizelingwekkende snelheden die menselijke piloten in vlees zouden veranderen. Sindsdien is Stephen diep in dit konijnenhol gedoken. Nu, in zijn allereerste non-fictie boek, brengt hij je de resultaten van zijn vreemde ontdekkingsreis, op zoek naar de antwoorden op zulke eye-opening vragen als ... Heeft de Amerikaanse regering (a) zijn verstand verloren, of (b) proberen ze echt gecrashte buitenaardse vliegtuigwrakken te back-engineeren? Wat is het verband tussen UFO's/UAP's en hoge vreemdheden (portalen, geesten, Bigfoot)? Gezien het feit dat er tussen de 100 en 400 miljard sterrenstelsels in ons Melkwegstelsel zijn, waar is iedereen dan? Is de mensheid echt zo uniek? De enige soort die machines gebruikt? Wat weet de Amerikaanse regering dat wij niet weten? Worden UFO-getuigen en klokkenluiders beïnvloed door populair sciencefictionamusement, of laten onze mediabedrijven goedgekeurde UFO-/buitenaardse broodkruimels vallen? Is deze nieuwe golf van officiële, door de V.S. gesanctioneerde openheid over UFO's een voorbode van iets schokkends dat onze planeet te wachten staat? Openbaringen die zo onwaarschijnlijk zijn dat ze de mensheid voor altijd zullen veranderen? Stephen Hunt onderzoekt dit fascinerende en verbazingwekkende universum door de ogen van een sciencefictionauteur, waarbij hij de parallellen trekt tussen onze sciencefictions en wat wel eens een bizarre geclassificeerde werkelijkheid zou kunnen zijn van echte, van buitenaardsen afkomstige sciencefeiten. *** OVER DE AUTEUR Stephen Hunt is de schepper van de geliefde 'Far-called' serie (Gollancz/Hachette), evenals de 'Jackelian' serie, wereldwijd uitgegeven via HarperCollins samen met hun andere sciencefiction auteurs, Isaac Asimov, Arthur C. Clarke, Philip K. Dick, en Ray Bradbury. *** REVIEWS Lof voor de romans van Stephen Hunt: 'Mr. Hunt gaat er in sneltreinvaart vandoor.' - THE WALL STREET JOURNAL Hunt's verbeeldingskracht is waarschijnlijk zichtbaar vanuit de ruimte. Hij strooit met concepten die andere schrijvers zouden ontginnen voor een trilogie als chocoladepapier. - TOM HOLT Allerlei bizarre en fantastische extravagantie. - DAILY MAIL Dwingend leesvoer voor alle leeftijden. - GUARDIAN Bezaaid met vindingrijkheid. -THE INDEPENDENT Om te zeggen dat dit boek boordevol actie zit is bijna een understatement... een heerlijk escapistisch garen! - INTERZONE Hunt heeft het verhaal volgepropt met intrigerende foefjes... aangrijpend en origineel. - UITGEVERS WEEKBLAD Een bloedstollend avontuur in Indiana Jones-stijl. -RT BOEKBESPREKINGEN Een merkwaardige deels-toekomstmix. - KIRKUS RECENSIES Een inventief, ambitieus werk, vol wonderen en wonderen. - THE TIMES Hunt weet wat zijn publiek wil en geeft het met een sardonische humor en zorgvuldig ontwikkelde spanning. - TIME OUT 'Een meeslepend verhaal... het verhaal kabbelt voort... constante inventiviteit houdt de lezer aan de

haak... de finale is een knallende opeenvolging van cliffhangers en verrassende comebacks.
Geweldig leuk. - SFX MAGAZINE Doe je gordels om voor een hectische kat-en-muis-ontmoeting...
een spannend verhaal. - SF REVU

above top secret the technology behind disclosure: Future Esoteric Brad Olsen,
2016-04-01 Examining the flaws of mainstream society, this collection of conspiracy theory, esoteric knowledge, and fringe subjects seeks to present solutions to current social, economic, and environmental world issues. This book encourages the exploration and integration of modern science with ancient wisdom, which will lead modern society towards advancement and enlightenment. Topics discussed include religious mythos, government manipulation, technological advances, and utopia.

above top secret the technology behind disclosure: Estranhas Incursões Stephen Hunt,
2024-10-01 Strange Incursions: um guia para os curiosos sobre OVNI's. Será que os extraterrestres estão visitando a Terra, neste exato momento, enquanto você está lendo isto? Por muito tempo, o autor de best-sellers de ficção científica Stephen Hunt acreditou - como você talvez acredite - que os OVNI's e a possibilidade de extraterrestres estarem visitando a Terra eram um monte de... (vamos manter isso em um ambiente familiar), um completo absurdo! O que foi que o fez mudar de ideia? Curiosamente, não foi seu encontro com uma sonda alienígena em 2001. Ele deixou isso de lado como um drone de monitoramento de poluição do conselho, embora o primeiro drone comercial só tenha sido usado em 2006. Não, foi o artigo do New York Times revelando que o Pentágono estava conduzindo, e negando a existência, de um programa ultrassecreto de caça a alienígenas tão secreto que teve de mudar a palavra "OVNI" para "UAP" apenas para escapar do estigma criado pela CIA em torno do termo. Esse recurso veio com vídeos confirmados dos mais recentes caças da marinha dos EUA sendo transformados em aviões de papel por veículos com efeito antigravitacional. Veículos que correm a velocidades alucinantes que transformariam pilotos humanos em carne e osso. Desde então, Stephen vem explorando profundamente essa toca do coelho. Agora, em seu primeiro livro de não ficção, ele traz os resultados de sua estranha viagem de exploração, buscando as respostas para perguntas tão reveladoras como... O governo dos EUA (a) perdeu a cabeça ou (b) está realmente tentando fazer engenharia reversa em destroços de naves alienígenas acidentadas? Qual é a conexão entre OVNI's/UAPs e a alta estranheza (portais, fantasmas, Pé Grande)? Considerando que existem entre 100 e 400 bilhões de sistemas estelares em nossa galáxia Via Láctea, onde diabos estão todos os outros? A humanidade é realmente tão única assim? A única espécie que usa máquinas? O que o governo dos EUA sabe que nós não sabemos? As testemunhas e os denunciadores de OVNI's são influenciados pelo entretenimento popular de ficção científica ou nossas empresas de mídia estão lançando pão com bolacha aprovada para OVNI's/alienígenas? Será que essa nova onda de abertura oficial sobre OVNI's sancionada pelos EUA é um prelúdio de algo chocante que está por vir em nosso planeta? Revelações tão improváveis que mudarão a humanidade para sempre? Stephen Hunt examina esse universo fascinante e surpreendente através dos olhos de um autor de ficção científica, traçando os paralelos entre nossas ficções científicas e o que pode ser uma bizarra realidade secreta de fatos científicos reais derivados de alienígenas. *** SOBRE O AUTOR: Stephen Hunt é o criador da adorada série "Far-called" (Gollancz/Hachette), bem como da série "Jackelian", publicada em todo o mundo pela HarperCollins, ao lado de outros autores de ficção científica, como Isaac Asimov, Arthur C. Clarke, Philip K. Dick e Ray Bradbury. *** RESENHAS Elogios aos romances de Stephen Hunt: "O Sr. Hunt decola em velocidade de corrida". - THE WALL STREET JOURNAL A imaginação de Hunt é provavelmente visível do espaço. Ele espalha conceitos que outros escritores extrairiam para uma trilogia como se fossem embalagens de barras de chocolate". - TOM HOLT "Todo tipo de extravagância bizarra e fantástica". - JORNAL DIÁRIO Leitura compulsiva para todas as idades. - GUARDIAN "Repleto de invenções". -THE INDEPENDENT Dizer que este livro é repleto de ação é quase um eufemismo... uma maravilhosa história de fuga! - INTERZONE "Hunt encheu a história de artifícios intrigantes... comovente e original. - PUBLISHERS WEEKLY Uma aventura estrondosa no estilo Indiana Jones. -RT BOOK REVIEWS Uma curiosa mistura de parte do futuro. - KIRKUS REVIEWS Um trabalho inventivo e ambicioso, cheio de maravilhas e prodígios. - THE TIMES Hunt

sabe do que o seu público gosta e o oferece com uma sagacidade sardônica e uma tensão cuidadosamente desenvolvida. - TIME OUT "Uma história emocionante... a história avança a passos largos... a inventividade constante mantém o leitor preso... o final é uma sucessão de obstáculos e retornos surpreendentes. Muito divertido. - REVISTA SFX Coloque os cintos de segurança para um frenético encontro de gato e rato... uma história emocionante. - SF REVU

above top secret the technology behind disclosure: Dziwne Wtargnięcia Stephen Hunt, 2024-11-10 Dziwne Wtargnięcia: przewodnik dla tych, którzy są ciekawi UFO. Czy kosmici odwiedzają Ziemię właśnie teraz, gdy to czytasz? Przez długi czas bestsellerowy autor science fiction Stephen Hunt uważał - podobnie jak ty - że UFO i szansa, że istoty pozaziemskie wzywają obecnie Ziemię, to stek... (niech to będzie przyjazne rodzinie) bzdur. (niech to pozostanie przyjazne rodzinie), kompletnych starych bzdur! Co sprawiło, że zmienił zdanie? Co ciekawe, nie jego spotkanie z obcą sondą w 2001 roku. Odpisał, że był to dron monitorujący zanieczyszczenie środowiska - mimo że pierwszy komercyjny dron został użyty dopiero w 2006 roku. Nie, był to artykuł New York Timesa ujawniający, że Pentagon prowadził i zaprzeczał istnieniu ściśle tajnego programu polowania na kosmitów, tak tajnego, że musiał zmienić słowo „UFO” na „UAP”, aby uniknąć piętna stworzonego przez CIA wokół tego terminu. Ta funkcja pojawiła się wraz z potwierdzonymi filmami przedstawiającymi najnowsze myśliwce marynarki wojennej USA, które wyglądają jak papierowe samoloty dzięki pojazdom z efektem antygravitacyjnym. Pędzące z oszałamiającymi prędkościami, które zamieniłyby ludzkich pilotów w pastę mięsną. Od tego czasu Stephen zagłębia się w tę króliczą norę. Teraz, w swojej pierwszej książce non-fiction, przedstawia wyniki swojej dziwnej podróży badawczej, szukając odpowiedzi na takie otwierające oczy pytania, jak... Czy rząd Stanów Zjednoczonych (a) postradał zmysły, czy (b) naprawdę próbuje ukryć wraki rozbitych obcych statków? Jaki jest związek między UFO/UAP a wysoką dziwnością (portale, duchy, Wielka Stopa)? Biorąc pod uwagę, że w naszej Galaktyce Drogi Mlecznej znajduje się od 100 do 400 miliardów systemów gwiazdnych, gdzie do cholery są wszyscy inni? Czy ludzkość jest naprawdę tak wyjątkowa? Czy jest jedynym gatunkiem wykorzystującym maszyny? Co wie rząd Stanów Zjednoczonych, czego my nie wiemy? Czy świadkowie UFO i sygnaliści są pod wpływem popularnej rozrywki science fiction, czy też nasze firmy medialne podrzucają zatwierdzone okruchy chleba UFO / kosmitów? Czy ta nowa fala oficjalnej, usankcjonowanej przez USA otwartości na UFO jest preludium do czegoś szokującego, co nadejdzie na naszej planecie? Objawień tak nieprawdopodobnych, że na zawsze zmienią ludzkość? Stephen Hunt bada ten fascynujący i zdumiewający wszechświat oczami autora science fiction, rysując podobieństwa między naszymi fikcjami naukowymi, a tym, co może być dziwną sklasyfikowaną rzeczywistością rzeczywistych faktów naukowych pochodzących od kosmitów. *** O AUTORZE Stephen Hunt jest twórcą uлюбianej serii „Far-called” (Gollancz/Hachette), a także serii „Jackelian”, publikowanej na całym świecie przez HarperCollins wraz z innymi autorami science fiction, Isaakiem Asimovem, Arthurem C. Clarke'em, Philipem K. Dickiem i Rayem Bradbury. *** RECENZJE Pochwały dla powieści Stephena Hunta: „Pan Hunt startuje z prędkością wyścigową”. - THE WALL STREET JOURNAL „Wyobrażenia Hunta jest prawdopodobnie widoczna z kosmosu. Rozrzuca koncepcje, które inni pisarze wydobyliby na potrzeby trylogii jak opakowania po batonikach czekoladowych”. - TOM HOLT „Wszelkiego rodzaju dziwaczna i fantastyczna ekstrawagancja”. - DAILY MAIL „Kompulsywna lektura dla wszystkich grup wiekowych”. - GUARDIAN „Pełna inwencji. -THE INDEPENDENT „Powiedzieć, że ta książka jest pełna akcji, to prawie niedopowiedzenie... wspaniała eskapistyczna przęda! - INTERZONE „Hunt zapakował historię pełną intrygujących sztuczek... poruszających i oryginalnych”. - PUBLISHERS WEEKLY „Rycząca przygoda w stylu Indiany Jonesa”. -RT BOOK REVIEWS „Ciekawa mieszanka części przyszłości. - KIRKUS REVIEWS „Pomysłowe, ambitne dzieło, pełne cudów i dziwów”. - THE TIMES „Hunt wie, co lubią jego widzowie i daje im to z sardonicznym dowcipem i starannie rozwiniętym napięciem”. - TIME OUT „Pędząca przęda... historia pędzi naprzód... ciągła pomysłowość utrzymuje czytelnika w napięciu... finał to niesamowita seria cliffhangerów i zaskakujących powrotów. Świetna zabawa. - SFX MAGAZINE „Zapnijcie pasy na szalone spotkanie kotka i myszki... ekscytująca opowieść”. - SF REVU

above top secret the technology behind disclosure: Seltsame Übergriffe Stephen Hunt, 2024-10-01 „Strange Incursions: ein Leitfaden für alle, die sich für UFOs interessieren. Sind Außerirdische gerade jetzt auf der Erde zu Besuch, während Sie dies lesen? Der langjährige Bestseller-Science-Fiction-Autor Stephen Hunt glaubte – wie Sie vielleicht auch – lange Zeit, dass UFOs und die Möglichkeit, dass Außerirdische die Erde besuchen, ein Haufen ... (bleiben wir bei diesem familienfreundlichen Thema) völliger Unsinn sind! Was hat seine Meinung geändert? Interessanterweise nicht seine Begegnung mit einer außerirdischen Sonde im Jahr 2001. Er schrieb sie als Drohne zur Überwachung der Luftverschmutzung durch die Stadtverwaltung ab – obwohl die erste kommerzielle Drohne erst 2006 zum Einsatz kam. Nein, es war der Artikel der New York Times, in dem enthüllt wurde, dass das Pentagon ein streng geheimes Programm zur Jagd auf Außerirdische durchgeführt und dessen Existenz geleugnet hatte. Dieses Programm war so geheim, dass das Wort „UFO“ in „UAP“ geändert werden musste, um dem Stigma zu entgehen, das die CIA mit dem Begriff verbunden hatte. Dieser Artikel enthielt bestätigte Videos, in denen die neuesten Kampffjets der US-Marine von Antischwerkraft-Fahrzeugen wie Papierflieger aussehen gelassen wurden. Fluggeräte, die mit irrsinnigen Geschwindigkeiten rasen und menschliche Piloten zu Fleischpaste verarbeiten würden. Seitdem hat Stephen diesen Kaninchenbau bis in die Tiefe erforscht. In seinem allerersten Sachbuch präsentiert er nun die Ergebnisse seiner seltsamen Entdeckungsreise, auf der er Antworten auf Fragen suchte, die einem die Augen öffnen, wie z. B. Hat die US-Regierung (a) den Verstand verloren oder (b) versucht sie wirklich, abgestürzte außerirdische Raumschiffe zu rekonstruieren? Was ist die Verbindung zwischen UFOs/UAPs und High Strangeness (Portale, Geister, Bigfoot)? Da es in unserer Milchstraße zwischen 100 und 400 Milliarden Sternensysteme gibt, wo zum Teufel sind dann all die anderen? Ist die Menschheit wirklich so einzigartig? Die einzige Spezies, die Maschinen benutzt? Was weiß die US-Regierung, was wir nicht wissen? Werden UFO-Zeugen und Whistleblower von populärer Science-Fiction-Unterhaltung beeinflusst, oder streuen unsere Medienunternehmen absichtlich UFO-/Alien-Hinweise? Ist diese neue Welle der offiziellen, von den USA gebilligten UFO-Offenheit ein Vorspiel für etwas Schockierendes, das auf unseren Planeten zukommt? Enthüllungen, die so unwahrscheinlich sind, dass sie die Menschheit für immer verändern werden? Stephen Hunt untersucht dieses faszinierende und erstaunliche Universum mit den Augen eines Science-Fiction-Autors und zieht Parallelen zwischen unseren Science-Fiction-Geschichten und dem, was eine bizarre, geheime Realität tatsächlicher, von Außerirdischen stammender Science-Facts sein könnte. *** ÜBER DEN AUTOR: Stephen Hunt ist der Schöpfer der beliebten „Far-called“-Reihe (Gollancz/Hachette) sowie der „Jackelian“-Reihe, die weltweit über HarperCollins zusammen mit den anderen Science-Fiction-Autoren des Verlags, Isaac Asimov, Arthur C. Clarke, Philip K. Dick und Ray Bradbury, veröffentlicht wird. *** BEWERTUNGEN Lob für Stephen Hunts Romane: „Mr. Hunt hebt rasant ab.“ – THE WALL STREET JOURNAL „Hunts Vorstellungskraft ist wahrscheinlich vom Weltraum aus sichtbar. Er streut Konzepte, die andere Autoren für eine Trilogie wie Schokoladenriegel-Verpackungen abbauen würden.“ – TOM HOLT „Alle Arten von bizarrer und fantastischer Extravaganz.“ – DAILY MAIL „Ein Muss für alle Altersgruppen.“ – GUARDIAN „Voller Erfindungsreichtum.“ – THE INDEPENDENT „Zu sagen, dieses Buch sei voller Action, ist fast eine Untertreibung ... ein wunderbares Eskapismus-Werk!“ – INTERZONE „Hunt hat die Geschichte mit faszinierenden Spielereien gefüllt ... bewegend und originell.“ – PUBLISHERS WEEKLY „Ein Abenteuer im Stil von Indiana Jones.“ – RT BOOK REVIEWS „Eine merkwürdige Mischung aus Zukunft und Vergangenheit.“ – KIRKUS REVIEWS „Ein einfallsreiches, ehrgeiziges Werk, voller Wunder und Staunen.“ – THE TIMES „Hunt weiß, was sein Publikum mag, und bietet es ihm mit sarkastischem Witz und sorgfältig aufgebauter Spannung.“ – TIME OUT „Ein spannender Roman ... die Geschichte nimmt Fahrt auf ... der ständige Erfindungsreichtum fesselt den Leser ... das Finale ist eine atemberaubende Abfolge von Cliffhangern und überraschenden Comebacks. Ein Riesenspaß.“ – SFX MAGAZINE „Schnallen Sie sich an für eine rasante Katz-und-Maus-Begegnung ... eine spannende Geschichte.“ – SF REVU

above top secret the technology behind disclosure: Outoja Hyökkäyksiä Stephen Hunt,

2024-11-10 Outoja Hyökkäyksiä: opas ufoista uteliaille. Vierailevatko avaruusolennot maapallolla juuri nyt, juuri kun luet tätä? Pitkään bestselleriä myynyt tieteiskirjailija Stephen Hunt uskoi - kuten sinäkin saatat uskoa - että ufot ja mahdollisuus, että avaruusolennot kutsuvat tällä hetkellä maapalloa, oli pelkkää hölynpölyä... (pidetään tämä perheystävällisenä), täyttä vanhaa hölynpölyä! Mikä muutti hänen mielensä? Mielenkiintoista kyllä, ei hänen kohtaamisensa avaruusolennon kanssa vuonna 2001. Hän kirjasi sen pois neuvoston saasteiden valvontaan tarkoitetuksi lennokiksi - vaikka ensimmäistä kaupallista lennokkia käytettiin vasta vuonna 2006. Ei, vaan New York Timesin artikkeli, jossa paljastettiin, että Pentagon oli pyörittänyt huippusalaista avaruusolioiden metsästysohjelmaa ja kieltänyt sen olemassaolon, joka oli niin salainen, että sen oli muutettava sana "UFO" sanaksi "UAP", jotta välttyttäisiin CIA:n termille luomalta leimalta. Tämä ominaisuus tuli vahvistettujen videoiden mukana, joissa Yhdysvaltain laivaston uusimmat hävittäjät on tehty painovoiman vastaisten ajoneuvojen avulla paperilentokoneiden näköisiksi. Alukset hurjastelevat mielettömällä nopeuksilla, jotka tekisivät ihmislentäjistä lihamassan. Sen jälkeen Stephen on tutkinut syvälle tähän kaninkoloon. Nyt, ensimmäisessä tietokirjassaan, hän esittelee teille oudon tutkimusmatkansa tulokset etsien vastauksia muun muassa seuraaviin silmiä avaaviin kysymyksiin... Onko Yhdysvaltain hallitus a) menettänyt järkensä, vai b) yrittävätkö he todella takakoneistaa pudonneiden avaruusalusten hylyjä? Mikä yhteys on ufojen/UAP:ien ja korkean kummallisuuden (portaalit, aaveet, Isojalka) välillä? Kun otetaan huomioon, että Linnunratagalaksissamme on 100-400 miljardia tähtijärjestelmää, missä ihmeessä kaikki muut ovat? Onko ihmiskunta todella niin ainutlaatuinen? Ainoa koneita käyttävä laji? Mitä Yhdysvaltain hallitus tietää, mitä me emme tiedä? Vaikuttavatko suositut sci-fi-viihdeohjelmat ufotodistajiin ja ilmiöntajiin, vai pudottavatko mediayhtiömme hyväksytyjä ufo-/alieni-leipämuroja? Onko tämä Yhdysvaltojen hyväksymän virallisen ufo-avoimuuden uusi aalto alkusoittoa jollekin järkyttävälle tapahtumalle, joka on tulossa planeetallamme? Paljastuksia, jotka ovat niin epätodennäköisiä, että ne muuttavat ihmiskunnan ikuisesti? Stephen Hunt tarkastelee tätä kiehtovaa ja hämmästyttävää maailmankaikkeutta tieteiskirjailijan silmin ja vetää yhtäläisyyksiä tieteiskuvituksiemme ja sen välillä, mikä saattaa olla todellisten avaruusolentoista peräisin olevien sci-faktien outo, salainen todellisuus. ***

KIRJAILIJASTA Stephen Hunt on luonut rakastetun Far-called-sarjan (Gollancz/Hachette) sekä Jackelian-sarjan, joita julkaistaan maailmanlaajuisesti HarperCollinsin kautta yhdessä muiden sci-fi-kirjailijoidensa, Isaac Asimovin, Arthur C. Clarken, Philip K. Dickin ja Ray Bradburyn kanssa. ***

ARVOSTELUT Kehuja Stephen Huntin romaaneista: "Herra Hunt lähtee vauhdilla liikkeelle. - WALL STREET JOURNAL 'Huntin mielikuviutus näkyy luultavasti avaruudesta käsin. Hän hajottaa käsitteitä, joita muut kirjailijat louhisivat trilogiaan kuin suklaapatukan kääreitä. - TOM HOLT 'Kaikenlaista outoa ja fantastista ylellisyyttä.' - DAILY MAIL "Pakottavaa luettavaa kaikenikäisille. - GUARDIAN "Kekseliäisyyttä täynnä. -THE INDEPENDENT 'On melkein vähättelyä sanoa, että tämä kirja on toiminnantäyteinen... ihana pakoilulanka!' - INTERZONE 'Hunt on pakannut tarinan täyteen kiehtovia kikkoja... vaikuttavaa ja omaperäistä. - PUBLISHERS WEEKLY 'Hurja Indiana Jones -tyylinen seikkailu.' -RT BOOK REVIEWS 'Kummallinen osittain tulevaisuuteen sijoittuva sekoitus.' - KIRKUS REVIEWS 'Kekseliäs, kunnianhimoinen teos, täynnä ihmeitä ja ihmeellisyyksiä.' - THE TIMES 'Hunt tietää, mistä yleisönsä pitää, ja antaa sen heille sardonisella nokkeluudella ja huolella kehitetyllä jännitteellä. - TIME OUT 'Repivä lanka ... tarina etenee vauhdilla ... jatkuva kekseliäisyys pitää lukijan koukussa ... loppuratkaisu on huikea sarja cliffhangereita ja yllätyksellisiä comebackeja. Suurenmoista hupia. - SFX MAGAZINE 'Laita turvavyöt kiinni, sillä luvassa on kiihkeä kissa ja hiiri -kohtaaminen... jännittävä tarina. - SF REVU

above top secret the technology behind disclosure: *Invasi Aneh* Stephen Hunt, 2024-11-10
 Invasi Aneh: panduan bagi mereka yang ingin tahu tentang UFO. Apakah alien sedang mengunjung Bumi, saat ini, bahkan saat Anda membaca ini? Untuk waktu yang lama, penulis fiksi ilmiah terlaris Stephen Hunt percaya - seperti halnya Anda - bahwa UFO dan kemungkinan makhluk luar angkasa saat ini mengunjung Bumi adalah omong kosong belaka... (mari kita jaga agar tetap ramah keluarga), omong kosong belaka! Apa yang membuatnya berubah pikiran? Menariknya, bukan pertemuannya dengan pesawat alien pada tahun 2001. Dia menuliskannya sebagai drone pemantau

polusi yang dimiliki oleh dewan - meskipun drone komersial pertama baru digunakan pada tahun 2006. Bukan, itu adalah artikel New York Times yang mengungkapkan bahwa Pentagon telah menjalankan, dan menyangkal keberadaan, program rahasia berburu alien yang begitu rahasia sehingga harus mengubah kata 'UFO' menjadi 'UAP' hanya untuk menghindari stigma yang diciptakan oleh CIA seputar istilah tersebut. Fitur ini dilengkapi dengan video yang dikonfirmasi tentang jet tempur angkatan laut AS terbaru yang dibuat agar terlihat seperti pesawat kertas dengan kendaraan efek anti-gravitasi. Pesawat-pesawat tersebut melaju dengan kecepatan yang membingungkan yang akan membuat pilot manusia menjadi seperti pasta daging. Sejak saat itu, Stephen telah menjelajahi jauh ke dalam lubang kelinci ini. Kini, dalam buku non-fiksi pertamanya, ia membawa Anda pada hasil perjalanan eksplorasinya yang aneh, mencari jawaban atas pertanyaan-pertanyaan yang membuka mata seperti... Apakah pemerintah AS (a) telah kehilangan akal sehatnya, atau (b) apakah mereka benar-benar mencoba merekayasa kembali puing-puing pesawat alien yang jatuh? Apa hubungan antara UFO/UAP dan keanehan yang tinggi (portal, hantu, Bigfoot)? Mengingat ada antara 100 hingga 400 miliar sistem bintang di Galaksi Bima Sakti kita, di manakah orang lain? Apakah manusia benar-benar unik? Satu-satunya spesies yang menggunakan mesin? Apa yang diketahui pemerintah AS yang tidak kita ketahui? Apakah para saksi UFO dan peniup peluit dipengaruhi oleh hiburan fiksi ilmiah populer, atau apakah perusahaan-perusahaan media kita menjatuhkan remah-remah roti UFO/alien yang telah disetujui? Apakah gelombang baru keterbukaan UFO yang disetujui AS ini merupakan awal dari sesuatu yang mengejutkan yang akan terjadi di planet kita? Pengungkapan yang begitu mustahil, yang akan mengubah umat manusia selamanya? Stephen Hunt meneliti alam semesta yang menakjubkan dan mencengangkan ini melalui sudut pandang seorang penulis fiksi ilmiah, menarik kesejajaran antara fiksi ilmiah kita, dan apa yang mungkin saja merupakan realitas rahasia yang aneh dari fakta-fakta ilmiah yang berasal dari alien. *** TENTANG PENULIS Stephen Hunt adalah pencipta seri 'Far Called' (Gollancz/Hachette) yang sangat digemari, serta seri 'Jackelian', yang diterbitkan di seluruh dunia melalui HarperCollins bersama dengan pengarang fiksi ilmiah mereka yang lain, Isaac Asimov, Arthur C. Clarke, Philip K. Dick, dan Ray Bradbury. *** RESENSI Pujian untuk novel-novel Stephen Hunt: 'Tuan Hunt melesat dengan kecepatan tinggi. - THE WALL STREET JOURNAL 'Imajinasi Hunt mungkin dapat dilihat dari luar angkasa. Dia menebarkan konsep-konsep yang akan ditambah oleh penulis lain untuk sebuah trilogi seperti bungkus cokelat. - TOM HOLT 'Segala macam pemborosan yang aneh dan fantastis. - DAILY MAIL 'Bacaan kompulsif untuk segala usia. - GUARDIAN 'Bertabrak dengan penemuan. -THE INDEPENDENT 'Mengatakan bahwa buku ini penuh aksi hampir meremehkan ... sebuah benang pelarian yang luar biasa! - INTERZONE 'Hunt telah mengemas cerita yang penuh dengan tipu muslihat yang menarik ... mempengaruhi dan orisinal. - PENERBIT MINGGUAN 'Petualangan ala Indiana Jones yang menggetarkan. RESENSI BUKU -RT 'Perpaduan masa lalu dan masa depan yang membuat penasaran. - ULASAN KIRKUS 'Sebuah karya yang inventif dan ambisius, penuh dengan keajaiban dan keajaiban. - THE TIMES "Hunt tahu apa yang disukai para pembacanya dan memberikannya kepada mereka dengan kecerdasan yang sinis dan ketegangan yang dibangun dengan hati-hati. - TIME OUT 'Benang yang merobek-robek ... ceritanya terus mengalir ... daya cipta yang konstan membuat pembaca terpikat ... bagian akhirnya adalah rangkaian cliffhanger dan kejutan yang mengejutkan. Sangat menyenangkan. - MAJALAH SFX 'Kenakan sabuk pengaman Anda untuk pertemuan kucing dan tikus yang hingar-bingar ... kisah yang mengasyikkan. - SF REVU

above top secret the technology behind disclosure: Incursiuni Ciudate Stephen Hunt, 2024-11-12 Incursiuni ciudate: un ghid pentru cei curioși cu privire la OZN-uri. Sunt extraterestrii în vizită pe Pământ, chiar acum, în timp ce citiți aceste rânduri? Pentru o lungă perioadă de timp, autorul de bestselleruri science fiction Stephen Hunt a crezut - la fel ca și dumneavoastră - că OZN-urile și șansa ca extraterestrii să sune în prezent pe Pământ era o grămadă de... (haideți să păstrăm acest lucru pentru familie), prostii vechi și complete! Ce l-a făcut să se răzgândească? Interesant, nu întâlnirea sa cu o sondă extraterestră în 2001. A trecut-o drept o dronă de monitorizare a poluării, chiar dacă prima dronă comercială a fost folosită abia în 2006. Nu, a fost vorba de articolul din New York Times care dezvăluia că Pentagonul a condus și a negat existența

unui program ultrasecret de vânătoare de extraterestri, atât de ascuns încât a trebuit să schimbe cuvântul „OZN” în „OPA” doar pentru a scăpa de stigmatul creat de CIA în jurul termenului. Acest reportaj a fost însoțit de înregistrări video confirmate cu cele mai recente avioane de vânătoare ale marinei americane, făcute să pară avioane de hârtie de către vehicule cu efect antigravitațional. Ambarcațiuni care se întrec la viteze uluitoare care ar transforma piloții umani în pastă de carne. De atunci, Stephen a explorat adânc această gaură a iepurelui. Acum, în prima sa carte de non-ficțiune, vă prezintă rezultatele ciudatei sale călătorii de explorare, căutând răspunsuri la întrebări care deschid ochii, precum... Guvernul Statelor Unite (a) și-a pierdut mințile sau (b) încearcă cu adevărat să reconstruiască epavele navelor extraterestre prăbușite? Care este legătura dintre OZN-uri/UAP-uri și straniețea ridicată (portaluri, fantome, Bigfoot)? Având în vedere că există între 100 și 400 de miliarde de sisteme stelare în galaxia noastră Calea Lactee, unde naiba sunt toți ceilalți? Este umanitatea cu adevărat unică? Singura specie care utilizează mașini? Ce știe guvernul Statelor Unite și noi nu știm? Sunt martorii și denunțatorii OZN influențați de divertismentul science-fiction popular sau companiile noastre media aruncă pe piață pesmeți OZN/alieni aprobați? Este acest nou val de deschidere oficială privind OZN-urile, aprobat de SUA, un preludiu la ceva șocant care va veni în calea planetei noastre? Revelații atât de improbabile, încât vor schimba omenirea pentru totdeauna? Stephen Hunt examinează acest univers fascinant și uimitor prin ochii unui autor de science-fiction, făcând paralele între SF-urile noastre și ceea ce ar putea fi o realitate clasificată bizară a unor SF-uri derivate din extraterestri. *** DESPRE AUTOR Stephen Hunt este creatorul îndrăgitei serii „Far-called” (Gollancz/Hachette), precum și al seriei „Jackelian”, publicate în întreaga lume prin HarperCollins, alături de alți autori de science-fiction, Isaac Asimov, Arthur C. Clarke, Philip K. Dick și Ray Bradbury. *** RECENZII Elogii pentru romanele lui Stephen Hunt: „Domnul Hunt pornește în viteză. - THE WALL STREET JOURNAL 'Imaginația lui Hunt este probabil vizibilă din spațiu. El împrășteie concepte pe care alți scriitori le-ar extrage pentru o trilogie precum ambalajele de ciocolată.' - TOM HOLT 'Tot felul de extravagante bizare și fantastice.' - DAILY MAIL „O lectură obligatorie pentru toate vârstele. - GUARDIAN „Plin de inventivitate. -THE INDEPENDENT 'A spune că această carte este plină de acțiune este aproape un eufemism... un minunat fir de evadare!' - INTERZONE 'Hunt a împânzit povestea de artificii intrigante... emoționantă și originală.' - PUBLISHERS WEEKLY 'O aventură furtunoasă în stilul Indiana Jones.' -RT BOOK REVIEWS 'Un amestec curios de viitor parțial.' - KIRKUS REVIEWS 'O lucrare inventivă, ambițioasă, plină de minuni și minunății.' - THE TIMES 'Hunt știe ce-i place publicului său și i-o oferă cu un spirit sardonice și o tensiune atent dezvoltată.' - TIME OUT „Un fir sfâșietor... povestea avansează... inventivitatea constantă ține cititorul captiv... finalul este o succesiune de cliffhangers și reveniri surprinzătoare. Foarte distractiv. - SFX MAGAZINE „Puneți-vă centurile de siguranță pentru o întâlnire frenetică cu șoarecele și pisica... o poveste captivantă. - SF REVU

above top secret the technology behind disclosure: Merkelige Invasjoner Stephen Hunt, 2024-10-01 Merkelige Invasjoner: en guide for de som er nysgjerrige på UFOer. Besøker romvesener jorden akkurat nå, mens du leser dette? I lang tid trodde den bestselgende science fiction-forfatteren Stephen Hunt - som du kanskje også gjør - at UFOer og sjansen for at utenomjordiske nå besøker jorden var en masse ... (la oss holde dette familievennlig), fullstendig gammelt tull! Hva var det som fikk ham til å skifte mening? Interessant nok ikke hans møte med en utenomjordisk sonde i 2001. Det avskrev han som en drone som overvåket forurensning - selv om den første kommersielle dronen ikke ble tatt i bruk før i 2006. Nei, det var New York Times' artikkel som avslørte at Pentagon hadde drevet, og benektet eksistensen av, et topphemmelig program for å jakte på romvesener som var så hemmelig at de måtte endre ordet «UFO» til «UAP» for å unngå stigmaet CIA hadde skapt rundt begrepet. Dette innslaget kom med bekreftede videoer av de nyeste jagerflyene fra den amerikanske marinen som ble fått til å se ut som papirfly av kjøretøy med antityngdekraftseffekt. Fartøyer som flyr i en svimlende hastighet som ville forvandlet menneskelige piloter til kjøttpudding. Siden den gang har Stephen utforsket dette kaninhullet. Nå, i sin aller første fagbok, gir han deg resultatene av sin merkelige oppdagelsesreise, der han søker svar på øyeåpnende spørsmål som... Har den amerikanske regjeringen (a) gått fra vettet, eller (b) prøver de

virkelig å bakkonstruere vrakrester fra krasjede romskip? Hva er sammenhengen mellom UFOer/UAPER og høyfrekvente fenomener (portaler, spøkelser, Bigfoot)? Gitt at det finnes mellom 100 og 400 milliarder stjernesystemer i Melkeveigalaksen, hvor pokker er alle de andre? Er menneskeheten virkelig så unik? Den eneste arten som bruker maskiner? Hva vet den amerikanske regjeringen som vi ikke vet? Er UFO-vitner og varslere påvirket av populær science fiction-underholdning, eller er det medieselskapene våre som slipper godkjent UFO/alien-brødsmler? Er denne nye bølgen av offisiell UFO-åpenhet fra USAs side et forspill til noe sjokkerende som kommer til å skje på vår planet? Avsløringer som er så usannsynlige at de vil forandre menneskeheten for alltid? Stephen Hunt undersøker dette fascinerende og forbløffende universet gjennom øynene til en science fiction-forfatter, og trekker paralleller mellom våre sci-fictions og det som kan være en bisarr, hemmeligstemplet virkelighet av faktiske sci-facts som stammer fra romvesener. *** OM FORFATTEREN Stephen Hunt er skaperen av den høyt elskede «Far-called»-serien (Gollancz/Hachette), samt «Jackelian»-serien, som utgis over hele verden via HarperCollins sammen med deres andre science fiction-forfattere, Isaac Asimov, Arthur C. Clarke, Philip K. Dick og Ray Bradbury. *** ANMELDELSER Lovord om Stephen Hunts romaner: «Mr. Hunt tar av i racerfart». - THE WALL STREET JOURNAL «Hunts fantasi er sannsynligvis synlig fra verdensrommet. Han sprer konsepter som andre forfattere ville ha utvunnet til en trilogi som sjokoladepapir». - TOM HOLT «Alle slags bisarre og fantastiske ekstravaganser». - DAILY MAIL «Tvangslesning for alle aldre». - GUARDIAN «Full av oppfinnsomhet». -THE INDEPENDENT «Å si at denne boken er actionfylt, er nesten en underdrivelse ... en herlig eskapistisk fortelling!» - INTERZONE «Hunt har pakket historien full av spennende gimmicks ... rørende og original». - PUBLISHERS WEEKLY «Et forrykende eventyr i Indiana Jones-stil». -RT BOOK REVIEWS «En nysgjerrig blanding av delvis fremtid». - KIRKUS ANMELDELSER «Et oppfinnsomt og ambisiøst verk, fullt av under og forundringer». - THE TIMES «Hunt vet hva publikum liker, og gir dem det med en sardonisk humor og nøye utviklet spenning». - TIME OUT «En forrykende fortelling ... historien buldrer av gårde ... konstant oppfinnsomhet holder leseren hektet ... finalen er en forrykende rekke av cliffhangere og overraskende comebacks. Kjempegøy». - SFX MAGASIN «Spenn på deg sikkerhetsbeltet for et frenetisk katt og mus-møte ... en spennende fortelling». - SF REVU

above top secret the technology behind disclosure: Crop Circles Revealed Judith Moore, Barbara Lamb, 2001 Through both examination of the crop circles and channeled investigation, Crop Circles Revealed explores a new understanding, to help the people of the world and our mother planet survive the new millenium. Scientific formulas of light and sound and the wisdom found in the mythologies of the ages are brought together in this up-to-the-minute 2001 edition.

above top secret the technology behind disclosure: *Strane Incursioni* Stephen Hunt, 2024-10-01 Strane Incursioni: una guida per i curiosi degli UFO. Gli alieni stanno visitando la Terra, proprio ora, mentre state leggendo questo articolo? Per molto tempo, l'autore di bestseller di fantascienza Stephen Hunt ha creduto - come forse anche voi - che gli UFO e la possibilità che gli extraterrestri stiano attualmente facendo visita alla Terra fossero un mucchio di... (manteniamo il discorso adatto alle famiglie), vecchie sciocchezze! (manteniamo il linguaggio familiare), un mucchio di vecchie sciocchezze! Che cosa gli ha fatto cambiare idea? È interessante notare che non è stato l'incontro con una sonda aliena nel 2001. L'ha considerato un drone per il monitoraggio dell'inquinamento, anche se il primo drone commerciale è stato utilizzato solo nel 2006. No, è stato l'articolo del New York Times che ha rivelato che il Pentagono ha gestito, e negato l'esistenza, di un programma top-secret di caccia agli alieni così segreto che ha dovuto cambiare la parola "UFO" in "UAP" solo per sfuggire allo stigma creato dalla CIA intorno al termine. Questo servizio è stato accompagnato da video confermati dei più recenti jet da combattimento della Marina degli Stati Uniti, resi simili ad aerei di carta da veicoli ad effetto antigravitazionale. I veicoli sfrecciano a velocità strabilianti che trasformerebbero i piloti umani in poltiglia. Da allora, Stephen ha esplorato a fondo questa tana del coniglio. Ora, nel suo primo libro di saggistica, vi presenta i risultati del suo

strano viaggio di esplorazione, alla ricerca di risposte a domande che aprono gli occhi come... Il governo degli Stati Uniti ha (a) perso la testa o (b) sta davvero cercando di modificare i rottami delle navicelle aliene precipitate? Qual è il legame tra gli UFO/UAP e l'alta stranezza (portali, fantasmi, Bigfoot)? Dato che nella nostra Via Lattea ci sono tra i 100 e i 400 miliardi di sistemi stellari, dove diavolo sono tutti gli altri? L'umanità è davvero così unica? È l'unica specie che usa le macchine? Cosa sa il governo degli Stati Uniti che noi non sappiamo? I testimoni e gli informatori di UFO sono influenzati dall'intrattenimento popolare di fantascienza, o le nostre società mediatiche stanno rilasciando briciole di UFO/alieni approvate? Questa nuova ondata di apertura ufficiale agli UFO, autorizzata dagli Stati Uniti, è il preludio di qualcosa di sconvolgente in arrivo sul nostro pianeta? Rivelazioni così improbabili che cambieranno l'umanità per sempre? Stephen Hunt esamina questo universo affascinante e sorprendente attraverso gli occhi di un autore di fantascienza, tracciando i paralleli tra le nostre fantasie scientifiche e quella che potrebbe essere una bizzarra realtà classificata di veri e propri fatti scientifici di origine aliena. *** SULL'AUTORE Stephen Hunt è il creatore dell'amatissima serie "Far-called" (Gollancz/Hachette) e della serie "Jackelian", pubblicata in tutto il mondo da HarperCollins insieme ad altri autori di fantascienza, Isaac Asimov, Arthur C. Clarke, Philip K. Dick e Ray Bradbury. *** RECENSIONI Elogi per i romanzi di Stephen Hunt: «Il signor Hunt decolla a velocità da corsa». - IL WALL STREET JOURNAL «L'immaginazione di Hunt è probabilmente visibile dallo spazio. Sparge concetti che altri scrittori estrarrebbero per una trilogia come involucri di barrette di cioccolato». - TOM HOLT «Ogni sorta di bizzarra e fantastica stravaganza». - GIORNALISTA «Una lettura irresistibile per tutte le età». - GUARDIANA «Costellato di invenzioni.» - L'INDIPENDENTE «Dire che questo libro è pieno di azione è quasi un eufemismo... un meraviglioso racconto di evasione!» - INTERZONE «Hunt ha riempito la storia di espedienti intriganti... coinvolgente e originale». - PUBLISHERS WEEKLY «Un'avventura rocambolesca in stile Indiana Jones». - RECENSIONI DEI LIBRI DI RT «Un curioso mix di futuro e parte di esso». - RECENSIONI KIRKUS «Un'opera inventiva e ambiziosa, piena di meraviglie e di stupori». - IL TEMPO «Hunt sa cosa piace al suo pubblico e glielo dà con un'arguzia sardonica e una tensione sviluppata con cura». - TIME OUT «Un racconto avvincente... la storia procede spedita... l'inventiva costante tiene il lettore incollato... il finale è un susseguirsi di cliffhanger e ritorni a sorpresa. Divertentissimo». - SFX MAGAZINE «Allacciate le cinture di sicurezza per un frenetico incontro tra gatto e topo... un racconto emozionante». - SF REVU

above top secret the technology behind disclosure: Mærkelige Indtrængen Stephen Hunt, 2024-10-01 Mærkelige Indtrængen: en guide til dem, der er nysgerrige på UFO'er. Besøger rumvæsner Jorden lige nu, mens du læser dette? I lang tid troede den bedst sælgende science fiction-forfatter Stephen Hunt - ligesom du måske gør - at ufoer og chancen for, at rumvæsner i øjeblikket besøger Jorden, var en masse ... (lad os holde det familievenligt), komplet gammelt nonsens! Hvad var det, der fik ham til at skifte mening? Interessant nok ikke hans møde med en rumsonde i 2001. Det afskrev han som en drone, der overvågede forurening - selv om den første kommercielle drone først blev taget i brug i 2006. Nej, det var New York Times' artikel, der afslørede, at Pentagon havde kørt og benægtet eksistensen af et tophemmeligt alien-jagtprogram, der var så hemmeligt, at man var nødt til at ændre ordet 'UFO' til 'UAP' bare for at undgå det stigma, som CIA havde skabt omkring begrebet. Dette indslag kom med bekræftede videoer af de nyeste jagerfly fra den amerikanske flåde, der blev fremstillet som papirfly af køretøjer med antityngdekraftseffekt. Fartøjer, der flyver med ufattelige hastigheder, som ville forvandle menneskelige piloter til kødpølse. Siden da har Stephen været på opdagelse dybt nede i dette kaninhul. Nu, i sin allerførste faglitterære bog, giver han dig resultaterne af sin mærkelige opdagelsesrejse, hvor han søger svar på øjenåbnende spørgsmål som... Har den amerikanske regering (a) mistet forstanden, eller (b) forsøger de virkelig at lave baglæns konstruktion af vragdele fra nedstyrkede rumfartøjer? Hvad er forbindelsen mellem UFO'er/UAP'er og høj fremmedhed (portaler, spøgelser, Bigfoot)? I betragtning af at der er mellem 100 og 400 milliarder stjernesystemer i vores Mælkevejsgalakse, hvor pokker er så alle de andre? Er menneskeheden virkelig så unik? Den eneste art, der bruger maskiner? Hvad ved den amerikanske regering, som vi

ikke ved? Bliver ufo-vidner og whistleblowere påvirket af populær science fiction-underholdning, eller er det vores medievirksomheder, der dropper godkendt ufo/alien-brødkrumme? Er denne nye bølge af officiel, USA-sanktioneret ufo-åbenhed en optakt til noget chokerende, der er på vej til vores planet? Afsløringer så usandsynlige, at de vil ændre menneskeheden for altid? Stephen Hunt undersøger dette fascinerende og forbløffende univers med en science fiction-forfatters øjne og drager paralleller mellem vores sci-fiction og det, der måske er en bizar klassificeret virkelighed med faktiske sci-facts, der stammer fra rumvæsner. *** OM FORFATTEREN Stephen Hunt er skaberen af den meget elskede 'Far-called'-serie (Gollancz/Hachette) samt 'Jackelian'-serien, der udgives over hele verden via HarperCollins sammen med deres andre science fiction-forfattere, Isaac Asimov, Arthur C. Clarke, Philip K. Dick og Ray Bradbury. *** ANMELDELSER Ros til Stephen Hunts romaner: »Mr. Hunt tager af sted med racerfart. - THE WALL STREET JOURNAL »Hunts fantasi er sandsynligvis synlig fra rummet. Han spreder koncepter, som andre forfattere ville udvinde til en trilogi, som chokoladepapir. - TOM HOLT »Alle former for bizar og fantastisk ekstravagance. - DAILY MAIL »Tvangslæsning for alle aldre. - GUARDIAN »Spækket med opfindsomhed. -THE INDEPENDENT »At sige, at denne bog er actionfyldt, er næsten en underdrivelse ... en vidunderlig eskapistisk fortælling! - INTERZONE »Hunt har pakket historien fuld af spændende gimmicks ... rørende og original. - PUBLISHERS WEEKLY »Et hæsblæsende eventyr i Indiana Jones-stil. -RT BOGANMELDELSER »En nysgerrig blanding af del-fremtid. - KIRKUS ANMELDELSER »Et opfindsomt, ambitiøst værk, fuld af vidundere og forunderligheder. - THE TIMES »Hunt ved, hvad hans publikum kan lide, og giver dem det med en sardonisk humor og en omhyggeligt udviklet spænding. - TIME OUT »En hæsblæsende fortælling ... historien buldrer af sted ... konstant opfindsomhed holder læseren fanget ... finalen er en forrygende række af cliffhangers og overraskende comebacks. Fantastisk sjov. - SFX MAGASIN »Spænd sikkerhedsbæltet til en hektisk omgang katten efter musen ... en spændende fortælling. - SF REVU

above top secret the technology behind disclosure: Musings of an Old Soul Don Anderson, 2010-10-08 These events I have written about are musings of an old soul from a perspective outside most individual's human box. I have written about these musings looking at them from a cosmic perspective for this is how I view things. Perhaps you may find some common ground? Perhaps you may scoff at the possibilities and think it is all too much? Keep an open mind. Reality is as the being who experiences it. Regardless of whether or not you believe another's reality, it is still a reality to them.

above top secret the technology behind disclosure: TranscEnding the Global Power Game Armin Risi, 2004-01-01 Whatever happens on the visible plane has its roots in invisible dimensions; reality is more than meets the eye. This is the essence of all spiritual teachings and mystery schools, and it is the key to understanding what actually happens on the stage of the global power game. Here, in a unique compendium, you get to know what the world looks like when seen from this paranormal viewpoint. Step by step, the author unfolds stunning insights into the hidden dimensions of secret politics, money manipulations, and the ongoing transformation. The pieces are put together to reveal an exciting puzzle. Topics Include: • Ancient knowledge and new revelations • The conclusive meaning of the symbolism of light and darkness • The ideology of the Illuminati • The roots and goals of today's secret societies • Prophecies regarding money and the crash • Alien forces and the presence of lightbeings • Our role in this cosmic drama Had Armin Risi lived in classical times, he would now be counted among the great philosophers and theologians. Being a contemporary author, however, he is able to go beyond classical philosophy and shed light on problems, coverups, and challenges of today, using a revolutionary logic, or mytho-logic, as he calls it. — Professor Jorg Rehberg, Zurich

above top secret the technology behind disclosure: Incursiones Extrañas Stephen Hunt, 2024-10-01 ¿Están visitando la Tierra los extraterrestres, ahora mismo, mientras usted lee esto? Durante mucho tiempo, Stephen Hunt, autor de best-sellers de ciencia ficción, creyó -como usted- que los ovnis y la posibilidad de que los extraterrestres estuvieran visitando la Tierra eran un montón de... (que sea para toda la familia), ¡una completa tontería! ¿Qué fue lo que le hizo cambiar

de opinión? Curiosamente, no fue su encuentro con una sonda alienígena en 2001. Lo descartó por tratarse de un dron de vigilancia de la contaminación, aunque el primer dron comercial no se utilizó hasta 2006. No, fue el artículo del New York Times que revelaba que el Pentágono había estado dirigiendo, y negando la existencia de, un programa ultrasecreto de caza de extraterrestres tan encubierto que tuvo que cambiar la palabra «OVNI» por «UAP» sólo para escapar del estigma creado por la CIA en torno al término. Este reportaje vino acompañado de vídeos confirmados de los últimos aviones de combate de la armada estadounidense a los que vehículos con efecto antigravedad hacían parecer aviones de papel. Naves que corren a velocidades alucinantes que convertirían a los pilotos humanos en pasta de carne. Desde entonces, Stephen ha explorado a fondo esta madriguera de conejo. Ahora, en su primer libro de no ficción, te trae los resultados de su extraño viaje de exploración, en busca de respuestas a preguntas tan reveladoras como... - ¿Ha perdido el gobierno de los EE.UU. (a) la cabeza, o (b) está realmente intentando manipular los restos de naves alienígenas estrelladas? - ¿Cuál es la conexión entre los OVNI/UAPs y la alta extrañeza (portales, fantasmas, Bigfoot)? - Teniendo en cuenta que hay entre 100.000 y 400.000 millones de sistemas estelares en nuestra Vía Láctea, ¿dónde demonios están los demás? ¿Tan única es la humanidad? ¿Es la única especie que utiliza máquinas? - ¿Qué sabe el gobierno de Estados Unidos que nosotros no sepamos? - ¿Están los testigos y denunciantes de OVNI influenciados por el entretenimiento popular de ciencia ficción, o están nuestras compañías de medios de comunicación soltando migas de pan aprobadas sobre OVNI/extraterrestres? - ¿Es esta nueva ola de apertura oficial a los OVNI sancionada por EE.UU. el preludio de algo impactante que se avecina en nuestro planeta? ¿Revelaciones tan improbables que cambiarán a la humanidad para siempre? Stephen Hunt examina este fascinante y asombroso universo a través de los ojos de un autor de ciencia ficción, trazando paralelismos entre nuestra ciencia-ficción y lo que podría ser una extraña realidad clasificada de hechos reales de ciencia-ficción derivados de extraterrestres. *** SOBRE EL AUTOR: Stephen Hunt es el creador de la popular serie Far-called (Gollancz/Hachette), así como de la serie Jackelian, publicada en todo el mundo por HarperCollins junto a otros autores de ciencia ficción como Isaac Asimov, Arthur C. Clarke, Philip K. Dick y Ray Bradbury. *** Elogios para el autor «El Sr. Hunt despega a toda velocidad». - THE WALL STREET JOURNAL «La imaginación de Hunt es probablemente visible desde el espacio. Esparce conceptos que otros escritores extraerían para una trilogía como si fueran envoltorios de chocolatinas». - TOM HOLT «Todo tipo de extravagancias extrañas y fantásticas». - DAILY MAIL «Lectura compulsiva para todas las edades». - GUARDIAN «Una obra inventiva y ambiciosa, llena de prodigios y maravillas». - THE TIMES «Hunt sabe lo que le gusta a su público y se lo da con un ingenio sardónico y una tensión cuidadosamente desarrollada». - TIME OUT «Repleta de inventiva». -THE INDEPENDENT «Decir que este libro está repleto de acción es casi quedarse corto... ¡una maravillosa historia de evasión!». - INTERZONE «Hunt ha llenado la historia de intrigantes trucos... conmovedora y original». - PUBLISHERS WEEKLY «Una aventura trepidante al estilo Indiana Jones». -RT BOOK REVIEWS «Una curiosa mezcla de futuro». - KIRKUS REVIEWS «Un hilo trepidante... la historia avanza a toda velocidad... la inventiva constante mantiene enganchado al lector... el final es una sucesión de cliffhangers y sorpresas. Muy divertido». - SFX REVISTA «Abróchense los cinturones para disfrutar de un frenético encuentro entre el gato y el ratón... una historia apasionante». - SF REVU

above top secret the technology behind disclosure: *Gaia Speaks* Pepper Lewis, 2005 Manu of us believe that Earth to be sentient or feeling, but we are disconnected from her because we can't understand her vibrations and impressions. Gaia, the sentience of Earth, speaks to us through Pepper Lewis, teaching us how to be attuned to the Earth and to learn from her.

above top secret the technology behind disclosure: Left at East Gate Larry Warren, Peter Robbins, 2010 Featured on two major television documentaries! In December 1980, Larry Warren was a member of the Air Force security police stationed at RAF Bentwaters, a NATO base in Great Britain. On the night of the 28th he was on guard duty when he was taken by truck to join other Air Force personnel to investigate a disturbance in a Rendlesham Forest about five miles away, which turned out to be a landed UFO. This was the third night of UFO activity in the area and by far the

most profound. When the men were debriefed the next day, they were warned to tell no one about what they had seen-as bullets are cheap. And so began what would turn out to be the best documented and most significant military-UFO incident in history. This remarkable story, told with the help of investigative writer Peter Robbins, was the basis of two blockbuster television documentaries. Warren's firsthand account explodes with authentic detail. A riveting, fascinating, and important book. -Whitley Strieber, author of *Communion* [H]as the force of a well-told mystery novel, yet it is all disturbingly true. A major contribution to the literature. -Budd Hopkins, author of *Missing Time* [O]ne gripping version of the story of this classic UFO case and its aftermath. -Publisher's Weekly This book is dynamite. Meticulously researched, gripping, provocative... -Nick Pope, author of *Open Skies, Closed Minds* [Q]uestions on these UFO sightings are still being asked in Parliament. If you read this gripping book you will see why. -Focus, journal of the British Ministry of Defence.

above top secret the technology behind disclosure: *Your Ascension Mission* Joshua David Stone, Janna Shelley Parker, 1998-09-01 We are all as unique as individual snowflakes, intricately designed so that no two are alike, yet when observed as a whole, we form the blended essence of lightworkers, merging into vaster and fuller aspects of God, the one great whole. Each of us holds a very specialized piece of the divine puzzle of God, or the whole. The more attuned we become to God, the more we are called to find and fulfill that specialized piece of the puzzle belonging to ourselves alone. When we find this puzzle piece and embrace it, we are then able to fulfill our divine mission on this Earth.

above top secret the technology behind disclosure: *Dimensional Journey* Linda Ball, 2003-07-01 Let the educational and whimsical illustrations teach you and your child how to do foot reflexology. This wonderful healing tool can eliminate headaches, flu, colds, sinus problems, earaches, stomachaches, sore throats, and more.

above top secret the technology behind disclosure: *Presentation Zen* Garr Reynolds, 2009-04-15 FOREWORD BY GUY KAWASAKI Presentation designer and internationally acclaimed communications expert Garr Reynolds, creator of the most popular Web site on presentation design and delivery on the Net — presentationzen.com — shares his experience in a provocative mix of illumination, inspiration, education, and guidance that will change the way you think about making presentations with PowerPoint or Keynote. Presentation Zen challenges the conventional wisdom of making slide presentations in today's world and encourages you to think differently and more creatively about the preparation, design, and delivery of your presentations. Garr shares lessons and perspectives that draw upon practical advice from the fields of communication and business. Combining solid principles of design with the tenets of Zen simplicity, this book will help you along the path to simpler, more effective presentations.

above top secret the technology behind disclosure: *Revelations of a Melchizedek Initiate* Joshua David Stone, 1998-10-01 This book traces the author's journey of ascension through the seven levels of initiation, through the process of anchoring and activating his fifty chakras, expanding to a 99-percent light quotient, then on to anchoring and fully activating all twelve bodies, which include the five higher bodies. Exactly how this is done is shared, and in-depth information is given on the workings of the inner-plane ashram under the guidance of Djwhal Khul, Lord Maitreya and Lord Melchizedek. You are invited to journey with him as he unfolds the process of his initiations, beginning at the sixth, moving through the equivalent of the tenth initiation and into the beginning of the eleventh. Written as a personal log, this book shares, in an open and candid manner, dreams, meditations, conversations with the masters, spiritual background, thoughts and reflections and actual ascension experiences.

above top secret the technology behind disclosure: *Top Secret Canada* Stephanie Carvin, Thomas Juneau, Craig Forcese, 2021-03-01 National security in the interest of preserving the well-being of a country is arguably the first and most important responsibility of any democratic government. Motivated by some of the pressing questions and concerns of citizens, *Top Secret Canada* is the first book to offer a comprehensive study of the Canadian intelligence community, its

different parts, and how it functions as a whole. In taking up this important task, contributors aim to identify the key players, explain their mandates and functions, and assess their interactions. Top Secret Canada features essays by the country's foremost experts on law, foreign policy, intelligence, and national security, and will become the go-to resource for those seeking to understand Canada's intelligence community and the challenges it faces now and in the future.

above top secret the technology behind disclosure: *Practical Conversion of Zero-Point Energy* Thomas Valone, 2023-06 Practical Conversion of Zero-Point Energy is the authoritative guide to the latest discoveries, tools and high-school level physics behind the most ubiquitous source of energy for the future. One year in the making, it is profusely illustrated and exhaustively researched with almost 300 references by an engineering physicist and noted expert in the field of emerging energy technology. Revised edition now contains a complete summary guide to the quantum tricks of the trade. Quite possibly the most advanced electrical energy source book available today.

above top secret the technology behind disclosure: *The Diamond Light* Violet Starre, 2000-04-01 All around you, in every moment, you are surrounded by the most magical and mystical beings. They are too small, of course, for you to see as single individuals. But in groups you know them as the physical matter in your daily life. They form all of your physical life as you know it. Particles -- who might be considered either atoms or portions of atoms -- consciously view the vast spectrum of reality, yet also have a sense of personal memory like your own linear memory. These particles remember where they have been and what they have done in their infinitely long lives. Particles, then, have a unique and unusual perspective. In reading this book, understand that some of them will have similar points of view, but others will have quite extraordinary and unexpected points of view. Expect the unexpected!

above top secret the technology behind disclosure: *Beyond Esoteric* Brad Olsen, 2021-01-14 Nothing in this world works the way you think it does; there is always more to the story. Be aware that there is a war for your mind and your soul. Corporations have taken over governments in a new form of Fascism that now incorporates high technology and artificial intelligence. The survival of the human race may depend on breaking the Embargo of truth, and collectively developing an ÜberMind. But truth always resonates! Beyond Esoteric takes off the kids gloves, and exposes the control grid extending its tentacles across the planet. The word occult means nothing more than to study the realm of the hidden. So much of real knowledge and wisdom is disguised because the people who run the planet feel that true information of how the world works and how to manifest reality is something you do not need to know. Everything we think we know about the world and the universe in which we live, whatever we have been led to believe concerning the course of human history, could very well be completely wrong, distorted and misinformed. The 19th century teachers of the occult could never have imagined The Ultimate Journey of the 21st century we now face, one that extends far Beyond Esoteric.

above top secret the technology behind disclosure: *Beyond Ascension* Joshua David Stone, 1995 This book brings forth incredible new channeled material that completely demystifies the seven levels of initiation and how to attain them. It contains revolutionary new information on how to anchor and open our thirty-six chakras and how to build our light quotient at a rate of speed never dreamed possible. The book includes a chapter on cosmic ascension and a unique cosmic map that outlines the process of planetary ascension. The map also charts the course for full cosmic ascension through the seven cosmic planes and forty-eight dimensions of reality back to the Godhead and undifferentiated Source.

above top secret the technology behind disclosure: *Shamanic Secrets for Physical Mastery* Robert Shapiro, 2003-11-01 The fourth installment of the series tells of the incredible vehicle traveling with the Hale-Bopp Comet--four times the size of Earth and filled with lightbeings. The book also covers the Montauk project, the HAARP project, and the uncreation of Hitler.

above top secret the technology behind disclosure: *Alien Viruses* Robert M. Wood, Nick Redfern, 2013-07-04 This book, the first of its kind, delves into the many leaked documents that describe research into alien biology and virology. Dr. Robert Wood's forensic analysis of the

documents themselves argues strongly for their authenticity. And their implications are startling. Alien viruses are not only deadly, but are of key importance to biological warfare on Earth. Wood examines the mysterious deaths of key microbiologists and virologists, offers insight into the huge government secret expenditures, and provides an incredible revelation from an Area 51 insider on autopsies of bodies of unknown origin. With assistance from seasoned researcher Nick Redfern, extensively footnoted, and with a comprehensive Index, this is the authoritative treatment of the subject.

Above Top Secret The Technology Behind Disclosure Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Above Top Secret The Technology Behind Disclosure free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Above Top Secret The Technology Behind Disclosure free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Above Top Secret The Technology Behind Disclosure free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Above Top Secret The Technology Behind Disclosure. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Above Top Secret The Technology Behind Disclosure any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Above Top Secret The Technology Behind Disclosure Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Above Top

Secret The Technology Behind Disclosure is one of the best book in our library for free trial.
