american financial resources myloancare: **Big Billion Startup: The Untold Flipkart Story** Mihir Dalal, 2019-10-06 The definitive account of India's biggest startup that redefined e-commerce, entrepreneurship and the way we shop and live. IIT graduates Sachin Bansal and Binny Bansal founded out of a Bangalore apartment what would become India's biggest e-commerce startup. Established in October 2007, Flipkart began as an online bookstore and soon came to be known for its 'customer obsession'. As the startup's reputation grew, so did its value, with venture capitalists in India and abroad lining up to invest heavily in the company that stood for bold ambition, unabashed consumerism and the virtues of technology. Investigative journalist Mihir Dalal recounts the astounding story of how the Bansals built Flipkart into a multi-billion-dollar powerhouse in the span of a few years and made internet entrepreneurship a desirable occupation. But it is also a story of big money, power and hubris, as both business and interpersonal complexities weakened the founders' control over their creation and forced them to sell out to a retailer whose dominance they had once dreamt of emulating. Flipkart's auction involved some of the corporate world's biggest names, from Jeff Bezos, Satya Nadella, Sundar Pichai to Masayoshi Son and Doug McMillon, an ironic testimony to the strength of what the Bansals had forged. Based

on extraordinary research, extensive interviews and deep access to key characters in the Flipkart story, Big Billion Startup is the riveting and revealing account of how Sachin and Binny Bansal built and sold India's largest internet company.

These Entrepreneurs and Corporate Leaders often find themselves under STRESS and end up creating a LIMITING BELIEF about What's Possible to be achieved as a team. Goals set are either safe or are often missed, stakeholders are left unhappy, stress levels are high or the team is complacent and team members are disengaged. In such an environment, Leadership is just a jargon used for describing something ABSTRACT and UNREAL. Entrepreneurs and Corporate Leaders need a PROVEN SYSTEM of ENGAGING with their TEAMS: * To develop COMPETENCE of team members on-the Job * SET & ACHIEVE GOALS that are CHALLENGING, INSPIRING and ENGAGING * Solve the REAL problems at the ROOT CAUSE level rather than the SYMPTOMS level * Manage PERFORMANCE on a Daily, Weekly, Monthly and Quarterly basis to stay on TRACK and ACHIEVE BREAKTHROUGH GOALS
