barbershop harmony society winners: The Schmitt Brothers P T Rivers, 2020-03-31 In 1951, the Schmitt Brothers won an international singing competition, besting the top 40 quartets in the U.S. and Canada. They blasted to fame in 18 short months and didn't stop singing for 35 years-making them the first to win on their first try and the longest performing quartet to retain its original members. But there's more to the story. The Schmitt Brothers were really brothers-from a family of 17. They were devoted husbands and fathers-with 35 children among them. They were businessmen and civic leaders-who never missed an opportunity to serve and promote their community. They traveled more than 2 million miles and performed in 3,000 programs including the Ed Sullivan, Arthur Godfrey and Lawrence Welk shows as well as Carnegie Hall, Madison Square Garden and the top stages in the country. The Schmitt Brothers were capable of perfectly blending delicate tones, thundering crescendos, cascading decrescendos and chords that-if you didn't know better-made you think there was an entire orchestra backing them up. For everyone who heard the Schmitt Brothers, the magic of their singing brought harmony and joy to all who knew them. This is their amazing story.

barbershop harmony society winners: The Cadaver King and the Country Dentist Radley

Balko, Tucker Carrington, 2018-02-27 A shocking and deeply reported account of the persistent plague of institutional racism and junk forensic science in our criminal justice system, and its devastating effect on innocent lives After two three-year-old girls were raped and murdered in rural Mississippi, law enforcement pursued and convicted two innocent men: Kennedy Brewer and Levon Brooks. Together they spent a combined thirty years in prison before finally being exonerated in 2008. Meanwhile, the real killer remained free. The Cadaver King and the Country Dentist recounts the story of how the criminal justice system allowed this to happen, and of how two men, Dr. Steven Hayne and Dr. Michael West, built successful careers on the back of that structure. For nearly two decades, Hayne, a medical examiner, performed the vast majority of Mississippi's autopsies, while his friend Dr. West, a local dentist, pitched himself as a forensic jack-of-all-trades. Together they became the go-to experts for prosecutors and helped put countless Mississippians in prison. But then some of those convictions began to fall apart. Here, Radley Balko and Tucker Carrington tell the haunting story of how the courts and Mississippi's death investigation system -- a relic of the Jim Crow era -- failed to deliver justice for its citizens. The authors argue that bad forensics, structural racism, and institutional failures are at fault, raising sobering questions about our ability and willingness to address these crucial issues.

barbershop harmony society winners: *Four Parts, No Waiting* Gage Averill, 2003-02-20 Four Parts, No Waiting investigates the role that vernacular, barbershop-style close harmony has played in American musical history, in American life, and in the American imagination. Starting with a discussion of the first craze for Austrian four-part close harmony in the 1830s, Averill traces the popularity of this musical form in minstrel shows, black recreational singing, vaudeville, early recordings, and in the barbershop revival of the 1930s. In his exploration of barbershop, Averill uncovers a rich musical tradition--a hybrid of black and white cultural forms, practiced by amateurs, and part of a mythologized vision of small-town American life. Barbershop harmony played a central -- and overlooked -- role in the panorama of American music. Averill demonstrates that the barbershop revival was part of a depression-era neo-Victorian revival, spurred on by insecurities of economic and social change. Contemporary barbershop singing turns this nostalgic vision into lived experience. Arguing that the old songs function as repositories of idealized social memory, Averill reveals ideologies of gender, race, and class. This engagingly-written, often funny book critiques the nostalgic myths (especially racial myths) that have surrounded the barbershop revival, but also celebrates the civic-minded, participatory spirit of barbershop harmony. The contents of the CD have been replaced by a companion website with helpful links, resources, and audio examples.

ancient idea that has been resurrected by social scientists as an organizing simile for the analysis and understanding of social life. *The Drama of Social Life* examines this dramaturgical approach to social life, bringing together the latest original work from leading contemporary dramaturgical thinkers across the social sciences. Thematically organized, it explores: ¢ the work of classical and contemporary thinkers who have contributed most to this theoretical framework ¢ the foundational concepts of the dramaturgical approach ¢ a rich array of substantive areas of empirical investigation to which dramaturgy continues to contribute ¢ directions for future dramaturgical thinking. An indispensable collection that updates and extends the dramaturgical framework, *The Drama of Social Life* will appeal to scholars and students of sociology, social psychology, performance studies, cultural studies, communication, film studies, and anthropology - and all those interested in the work of Goffman and symbolic interactionist theory and practice.

barbershop harmony society winners: The British Barbershopper Liz Garnett, 2017-07-05 Barbershop singing is a distinctive and under-documented facet of Britain's musical landscape. Imported from the USA in the 1960s, it has developed into an active and highly organized musical community characterized by strong social support structures and a proselytizing passion for its particular style. This style is defined, within the community, in largely music-theoretical terms and is both highly prescriptive and continually contested, but there is also a host of performance traditions that articulate barbershop's identity as a distinct and specific genre. Liz Garnett documents and analyses the social and musical practices of this specialized community of music-makers, and extends this analysis to theorize the relationship between music and self-identity. The book engages with a range of sociological and musicological theoretical frameworks in order to explore the role of harmony, ritual, sexual politics, performance styles and 'tag-singing' in barbershop. This analysis shows how musical style and cultural discourses can be seen to interact in the formation of identity. Garnett provides the first in-depth scholarly insight into the British barbershop community, and contributes to ongoing debates in the semiotics and the sociology of music.

barbershop harmony society winners: What Work Is Philip Levine, 2011-08-31 Winner of the National Book Award in 1991 "This collection amounts to a hymn of praise for all the workers of America. These proletarian heroes, with names like Lonnie, Loo, Sweet Pea, and Packy, work the furnaces, forges, slag heaps, assembly lines, and loading docks at places with unglamorous names like Brass Craft or Feinberg and Breslin's First-Rate Plumbing and Plating. Only Studs Terkel's *Working* approaches the pathos and beauty of this book. But Levine's characters are also significant for their inner lives, not merely their jobs. They are unusually artistic, living 'at the borders of dreams.' One reads *The Tempest* 'slowly to himself'; another ponders a diagonal chalk line drawn by his teacher to suggest a triangle, the roof of a barn, or the mysterious separation of 'the dark from the dark.' *What Work Is* ranks as a major work by a major poet . . . very accessible and utterly American in tone and language." —Daniel L. Guillory, *Library Journal*

barbershop harmony society winners: *Paris 1919* Margaret MacMillan, 2007-12-18 A landmark work of narrative history, *Paris 1919* is the first full-scale treatment of the Peace Conference in more than twenty-five years. It offers a scintillating view of those dramatic and fateful days when much of the modern world was sketched out, when countries were created—Iraq, Yugoslavia, Israel—whose troubles haunt us still. Winner of the Samuel Johnson Prize • Winner of the PEN Hessell Tiltman Prize • Winner of the Duff Cooper Prize Between January and July 1919, after "the war to end all wars," men and women from around the world converged on Paris to shape the peace. Center stage, for the first time in history, was an American president, Woodrow Wilson, who with his Fourteen Points seemed to promise to so many people the fulfillment of their dreams. Stern, intransigent, impatient when it came to security concerns and wildly idealistic in his dream of a League of Nations that would resolve all future conflict peacefully, Wilson is only one of the larger-than-life characters who fill the pages of this extraordinary book. David Lloyd George, the gregarious and wily British prime minister, brought Winston Churchill and John Maynard Keynes. Lawrence of Arabia joined the Arab delegation. Ho Chi Minh, a kitchen assistant at the Ritz, submitted a petition for an independent Vietnam. For six months, Paris was effectively the center of the world as the peacemakers carved up bankrupt empires and created new countries. This book brings to life the personalities, ideals, and prejudices of the men who shaped the settlement. They pushed Russia to the sidelines, alienated China, and dismissed the Arabs. They struggled with the problems of Kosovo, of the Kurds, and of a homeland for the Jews. The peacemakers, so it has been said, failed dismally; above all they failed to prevent another war. Margaret MacMillan argues that

they have unfairly been made the scapegoats for the mistakes of those who came later. She refutes received ideas about the path from Versailles to World War II and debunks the widely accepted notion that reparations imposed on the Germans were in large part responsible for the Second World War. Praise for Paris 1919 "It's easy to get into a war, but ending it is a more arduous matter. It was never more so than in 1919, at the Paris Conference. . . . This is an enthralling book: detailed, fair, unfailingly lively. Professor MacMillan has that essential quality of the historian, a narrative gift." —Allan Massie, *The Daily Telegraph* (London)

barbershop harmony society winners: The Time of My Life Ev Nau, 2022-02-03 While driving home from a long trip, Ev Nau was thinking about some events in his youth and suddenly realized that he knew very little about his own father's youth. As his trip continued, he further discovered that his own grandchildren really didn't know him either. So began his project of recording his memoirs for them. Following his retirement, Ev went through every bit of documentation he could find, from his mother's baby book to reports he had written at work, to recapture as much of his life as possible. Old pictures were the source of many of his memory kick-starts. Each tale seemed to rekindle a new story, and he spent most of his time just chuckling about how clearly it all came back to him. Born during World War II and surviving so many traumatic historical events, Ev shows people his life in perspective to many of these historical events and how they shaped him and his growth. From zany antics, and there are many, to tragic circumstances, way too many, his story graphically shows how this complicated man grew into a well-respected teacher, coach, and mentor for so many others. Whether chasing rabbits in a sports car on a golf course or marching endless miles in a drum and bugle corps or helping a close friend learn of his father's death, Ev has a compelling story to tell. And those tales only scratch the surface! Wait until you read about his Winter Carnival experience!

barbershop harmony society winners: The Burning of the Piping Rock Joe Cutshall-King, 2013-12-02 Over a series of weeks in July of 1987, a dying man sits alone in his apartment. Racing against his imminent death, he tape records a tale of blackmail, deception, and double cross involving the mob and New York's social elite. Twenty years later, the tapes are played for the first time and his son listens to his father's unexpected and increasingly horrifying confession of his unwilling ride taken on the night of August 16, 1954. His Father's companion was an arsonist and the two men's destination is the infamous Piping Rock Casino in Saratoga Springs, New York. The Burning of the Piping Rock is set against the backdrop of the US Senator Kefauver's efforts throughout 1949-1951 to destroy the hubs of organized crime in America. This included Saratoga Springs, where America's high society and the mob mingled amidst the glamour of the race track and illegal casinos, yielding a brew of illicit money and corruption. The book is based upon the actual, still-unresolved arson of the Piping Rock Casino. The ride of the two men exposes their very different backgrounds, shaped and misshaped by the Great Depression, the Second World War, and Saratoga Springs. The Burning of the Piping Rock brings them together in a way neither could have predicted . . . or wanted.

barbershop harmony society winners: You Shook Me All Campaign Long Eric T. Kasper, Benjamin S. Schoening, 2018-11-15 Music has long played a role in American presidential campaigns as a mode of both expressing candidates' messages and criticizing the opposition. The relevance of music in the 2016 campaign for the White House took various forms in a range of American media: a significant amount of popular music was used by campaigns, many artist endorsements were sought by candidates, ever changing songs were employed at rallies, instances of musicians threatening legal action against candidates burgeoned, and artists and others increasingly used music as a form of political protest before and after Election Day. The 2016 campaign was a game changer, similar to the development of music in the 1840 campaign, when "Tippecanoe and Tyler Too" helped sing William Harrison into the White House. The ten chapters in this collection place music use in 2016 in historical perspective before examining musical messaging, strategy, and parody. The book ultimately explores causality: how do music and musicians affect presidential elections, and how do politicians and campaigns affect music and musicians? The authors explain this interaction from various perspectives, with methodological approaches from several fields, including political science, legal studies, musicology, cultural studies, rhetorical studies, and communications and journalism. These chapters will help the reader understand music in the 2016 election to realize how music will be relevant in 2020 and beyond.
