

# Biggest What Ifs In Nba History

**biggest what ifs in nba history: Upon Further Review** Mike Pesca, 2018-05-15 From Mike Pesca, host of the popular Slate podcast The Gist, comes the greatest sports minds imagining how the world would change if a play, trade, injury, or referee's call had just gone the other way. Intriguing...thought provoking...delightful. --The Washington Post No announcer ever proclaimed: Up Rises Frazier! Havlicek commits the foul, trying to steal the ball! or The Giants Lose the Pennant, The Giants Lose The Pennant! Such moments are indelibly etched upon the mind of every sports fan. Or rather, they would be, had they happened. Sports are notoriously games of inches, and when we conjure the thought of certain athletes - like Bill Buckner or Scott Norwood - we can't help but apply a mental tape measure to the highlight reels of our minds. Players, coaches, and of course fans, obsess on the play when they ask, What if? Upon Further Review is the first book to answer that question. Upon Further Review is a book of counterfactual sporting scenarios. In its pages the reader will find expertly reported histories, where one small event is flipped on its head, and the resulting ripples are carefully documented, the likes of... What if the U.S. Boycotted Hitler's Olympics? What if Bobby Riggs beat Billie Jean King? What if Bucky Dent popped out at the foot of the Green Monster? What if Drew Bledsoe never got hurt? Upon Further Review takes classic arguments conducted over pints in a pub and places them in the hands of dozens of writers, athletes, and historians. From turning points that every sports fan rues or celebrates, to the forgotten would-be inflection points that defined sports, Upon Further Review answers age old questions, and settles the score, even if the score bounced off the crossbar.

**biggest what ifs in nba history: The Book of Basketball** Bill Simmons, 2010-12-07 #1 NEW YORK TIMES BESTSELLER • The wildly opinionated, thoroughly entertaining, and arguably definitive book on the past, present, and future of the NBA—from the founder of The Ringer and host of The Bill Simmons Podcast “Enough provocative arguments to fuel barstool arguments far into the future.”—The Wall Street Journal In The Book of Basketball, Bill Simmons opens—and then closes, once and for all—every major NBA debate, from the age-old question of who actually won the rivalry between Bill Russell and Wilt Chamberlain to the one about which team was truly the best of all time. Then he takes it further by completely reevaluating not only how NBA Hall of Fame inductees should be chosen but how the institution must be reshaped from the ground up, the result being the Pyramid: Simmons's one-of-a-kind five-level shrine to the ninety-six greatest players in the history of pro basketball. And ultimately he takes fans to the heart of it all, as he uses a conversation with one NBA great to uncover that coveted thing: The Secret of Basketball. Comprehensive, authoritative, controversial, hilarious, and impossible to put down (even for Celtic-haters), The Book of Basketball offers every hardwood fan a courtside seat beside the game's finest, funniest, and fiercest chronicler.

**biggest what ifs in nba history: Fred from Fresh Meadows** Fred Cantor, 2020-11-28 Meet FRED FROM FRESH MEADOWS. As a kid, Fred was at Madison Square Garden for the Here Comes Willis! game—that is, the one where Willis Reed got stuck in traffic and didn't show up 'til the second quarter. In high school, he stayed up late the night before the SATs because of a big Knicks game on the West Coast; in law school, he chose where to live on the basis of which neighborhood had a cable TV package with Knicks telecasts; and, as a (in theory) mature adult, settled on an apartment in Manhattan based, in part, on proximity to Madison Square Garden. Along the way, Fred might have inadvertently caused Jerry Lucas to have one of the worst shooting nights of his playoff career, had the great pleasure of driving with Earl Monroe to a business meeting, sued Kareem Abdul-Jabbar to get revenge for Knicks fans, and was thanked by Tyson Chandler on Twitter for a song he co-wrote: The Minister of D. (Actually, the part about the lawsuit is only half-true, although he did bring a fascinating legal action against Kareem.) In short, Fred is representative of your ordinary irrational

Knicks fan--and FRED FROM FRESH MEADOWS: A Knicks Memoir is his (hopefully colorful) story covering six decades.

**biggest what ifs in nba history:** When The Game Was Ours Larry Bird, Earvin Magic Johnson, Jackie MacMullan, 2009-11-04 The New York Times--bestseller from the Hall of Fame basketball legends. "Finally a book that tells the story of Magic and Larry from their vantage point." —Denzel Washington In Celtic green was Larry Bird, the hick from French Lick, with laser-beam focus, relentless determination, and a deadly jump shot, a player who demanded excellence from everyone and whose caustic wit left opponents quaking in their high-tops. Magic Johnson was Mr. Showtime, a magnetic personality with all the right moves. Young, indomitable, he was a pied piper in purple and gold. And he burned with an inextinguishable desire to win. When their matchup started they were bitter rivals, but along the way they became lifelong friends. With intimate, fly-on-the-wall detail, When the Game Was Ours transports readers to this electric era of 1980s basketball and reveals for the first time the inner workings of two players dead set on besting one another. From the heady days of trading championships to the darker days of injury and illness, we come to understand Larry's obsessive devotion to winning and how his demons drove him on the court. We hear him talk with candor about playing through chronic pain and its truly exacting toll. In Magic we see a young, invincible star struggle with the sting of defeat, not just as a player but as a team leader. We are there the moment he learns he's contracted HIV and hear in his own words how that devastating news impacted his relationships in basketball and beyond. But always, in both cases, we see them prevail. "An exhilarating ride down one of the most competitive rivalries ever." —Pat Riley

**biggest what ifs in nba history:** West by West Jonathan Coleman, Jerry West, 2011-10-19 He is one of basketball's towering figures: Mr. Clutch, who mesmerized his opponents and fans. The coach who began the Lakers' resurgence in the 1970s. The general manager who helped bring Showtime to Los Angeles, creating a championship-winning force that continues to this day. Now, for the first time, the legendary Jerry West tells his story—from his tough childhood in West Virginia, to his unbelievable college success at West Virginia University, his 40-year career with the Los Angeles Lakers, and his relationships with NBA legends like Bill Russell, Wilt Chamberlain, Kareem Abdul-Jabbar, Magic Johnson, Shaquille O'Neal, and Kobe Bryant. Unsparing in its self-assessment and honesty, West by West is far more than a sports memoir: it is a profound confession and a magnificent inspiration.

**biggest what ifs in nba history:** Seven Seconds Or Less Jack McCallum, 2007-05 Chronicles the Phoenix Suns' 2005-2006 basketball season, discussing players, coaches, games, organizational changes, and more.

**biggest what ifs in nba history:** Hip-Hop (And Other Things) Shea Serrano, 2021-10-26 HIP-HOP (AND OTHER THINGS) is about, as it were, rap, but also some other things. It's a smart, fun, funny, insightful book that spends the entirety of its time celebrating what has become the most dominant form of music these past two and a half decades. Tupac is in there. Jay Z is in there. Missy Elliott is in there. Drake is in there. Pretty much all of the big names are in there, as are a bunch of the smaller names, too. There's art from acclaimed illustrator Arturo Torres, there are infographics and footnotes; there's all kinds of stuff in there. Some of the chapters are serious, and some of the chapters are silly, and some of the chapters are a combination of both things. All of them, though, are treated with the care and respect that they deserve. HIP-HOP (AND OTHER THINGS) is the third book in the (And Other Things) series. The first two—Basketball (And Other Things) and Movies (And Other Things)—were both #1 New York Times bestsellers.

**biggest what ifs in nba history:** Reclaiming History: The Assassination of President John F. Kennedy Vincent Bugliosi, 2007 Bugliosi, brilliant prosecutor and bestselling author, is perhaps the only man in America capable of prosecuting Lee Harvey Oswald for the murder of John F. Kennedy. His book is a narrative compendium of fact, ballistic evidence, and, above all, common sense.

**biggest what ifs in nba history:** War: How Conflict Shaped Us Margaret MacMillan, 2020-10-06 Is peace an aberration? The New York Times bestselling author of Paris 1919 offers a

provocative view of war as an essential component of humanity. NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW “Margaret MacMillan has produced another seminal work. . . . She is right that we must, more than ever, think about war. And she has shown us how in this brilliant, elegantly written book.”—H.R. McMaster, author of *Dereliction of Duty and Battlegrounds: The Fight to Defend the Free World* The instinct to fight may be innate in human nature, but war—organized violence—comes with organized society. War has shaped humanity’s history, its social and political institutions, its values and ideas. Our very language, our public spaces, our private memories, and some of our greatest cultural treasures reflect the glory and the misery of war. War is an uncomfortable and challenging subject not least because it brings out both the vilest and the noblest aspects of humanity. Margaret MacMillan looks at the ways in which war has influenced human society and how, in turn, changes in political organization, technology, or ideologies have affected how and why we fight. *War: How Conflict Shaped Us* explores such much-debated and controversial questions as: When did war first start? Does human nature doom us to fight one another? Why has war been described as the most organized of all human activities? Why are warriors almost always men? Is war ever within our control? Drawing on lessons from wars throughout the past, from classical history to the present day, MacMillan reveals the many faces of war—the way it has determined our past, our future, our views of the world, and our very conception of ourselves.

**biggest what ifs in nba history:** Foul! Dave Wolf, 1972 Candid biography of one of basketball's great players, with much behind-the-scenes information.

**biggest what ifs in nba history:** *The Lost Book of Adana Moreau* Michael Zapata, 2020-02-04 \*Winner of the Chicago Review of Books Award for Fiction\* A Heartland Booksellers Award Nominee An NPR Best Book of the Year A BookPage Best Book of the Year A Library Journal Best Winter/Spring Debut of 2020 A Most Anticipated Book of 2020 from the Boston Globe and The Millions A Best Book of February 2020 at Salon, The Millions, LitHub and Vol 1. Brooklyn “A stunner—equal parts epic and intimate, thrilling and elegiac.”—Laura Van den Berg, author of *The Third Hotel* The mesmerizing story of a Latin American science fiction writer and the lives her lost manuscript unites decades later in post-Katrina New Orleans In 1929 in New Orleans, a Dominican immigrant named Adana Moreau writes a science fiction novel. The novel earns rave reviews, and Adana begins a sequel. Then she falls gravely ill. Just before she dies, she destroys the only copy of the manuscript. Decades later in Chicago, Saul Drower is cleaning out his dead grandfather’s home when he discovers a mysterious manuscript written by none other than Adana Moreau. With the help of his friend Javier, Saul tracks down an address for Adana’s son in New Orleans, but as Hurricane Katrina strikes they must head to the storm-ravaged city for answers. What results is a brilliantly layered masterpiece—an ode to home, storytelling and the possibility of parallel worlds.

**biggest what ifs in nba history:** **Resistance Stories from Black History for Kids** Rann Miller, 2023-03-07 Learn about and be inspired by the unfrequented stories of Ona Marie Judge, Vicente Guerrero, the Black Panthers, the Haitian Revolution, Martin Luther King Junior’s “I Have a Dream” speech, and more. Perfect for middle-grade readers! Black history is a robust and multifaceted chapter in world history that is often watered down. History books tend to highlight whitewashed versions of African enslavement, the Civil Rights Movement, and other “safe” topics that, while important, do not fully encapsulate the experiences of the Black and African diaspora. By telling the stories that are often omitted from history, *Resistance Stories from Black History for Kids* sets out to show that the Black experience is not only defined by marching and boycotting, but also through rebellion and resistance. Learn about little-known facets, events, and figureheads from Black history, including: Vicente Guerrero, the first Black North American president One Marie Judge and her escape to freedom from George Washington Dr. Carter G. Woodson and the real reason he created Black History Month The history of the “dap” and its roots in African tradition Mansa Musa and his travels throughout the continent of Africa And many more exciting stories! Written by an expert educator highly experienced in historical analysis and diversity, *Resistance Stores from Black History for Kids* is the ultimate lesson in Black history that will empower and

inspire the youth through its retellings of the stories often left by the wayside.

**biggest what ifs in nba history: Boys Among Men** Jonathan P. D. Abrams, 2016 Explores the trend of teenage basketball stars skipping college and making the transition to playing professionally, resulting in the 2005 age limit instituted by the NBA, mandating that all players must attend college or another developmental program for at least a year.

**biggest what ifs in nba history: Back from the Dead** Bill Walton, 2016-03-22 An NBA sports star and cultural icon discusses his catastrophic spinal collapse in 2007, the excruciating pain he suffered and his slow recovery, as well as his childhood, sports career, and the political and cultural upheaval of the 1960s.

**biggest what ifs in nba history: Global Corruption Report: Sport** Transparency International, 2016-02-05 Sport is a global phenomenon engaging billions of people and generating annual revenues of more than US\$ 145 billion. Problems in the governance of sports organisations, fixing of matches and staging of major sporting events have spurred action on many fronts. Yet attempts to stop corruption in sport are still at an early stage. The Global Corruption Report (GCR) on sport is the most comprehensive analysis of sports corruption to date. It consists of more than 60 contributions from leading experts in the fields of corruption and sport, from sports organisations, governments, multilateral institutions, sponsors, athletes, supporters, academia and the wider anti-corruption movement. This GCR provides essential analysis for understanding the corruption risks in sport, focusing on sports governance, the business of sport, planning of major events, and match-fixing. It highlights the significant work that has already been done and presents new approaches to strengthening integrity in sport. In addition to measuring transparency and accountability, the GCR gives priority to participation, from sponsors to athletes to supporters an essential to restoring trust in sport.

**biggest what ifs in nba history: Reckoning** Linda Hirshman, 2019 History of the struggle leading up to #MeToo and beyond: from the first tales of workplace harassment percolating to the surface in the 1970s, to the Clinton/Lewinsky scandal, when liberal women largely forgave Clinton, giving men a free pass for two decades. Many liberals even resisted the movement to end rape on campus.

**biggest what ifs in nba history: The Power of Negative Thinking** Bobby Knight, Bob Hammel, 2013 Using examples from his long career, a legendary basketball coach outlines the benefits of negative thinking, which helps build a realistic strategy that takes all potential obstacles into account.

**biggest what ifs in nba history: The Storytelling Animal** Jonathan Gottschall, 2012 A provocative scholar delivers the first book on the new science of storytelling: the latest thinking on why we tell stories and what stories reveal about human nature.

**biggest what ifs in nba history: Dave Bing** Drew Sharp, 2012-11-05 What kind of person loses sight in one eye and then through dedicated practice and honed skills becomes one of the top 50 NBA players of all time? What kind of person, with limited business experience, builds a start-up company into a thriving corporation and is recognized as one of the world's most successful black executives? What kind of person, while running a \$350 million business, takes the time to reach out to black youths lacking father figures and provides counsel and support? And what kind of person, instead of enjoying a well-deserved luxurious retirement, chooses to become mayor of a large city that many long ago had written off as dead? Dave Bing, that's who. In Dave Bing, Detroit Free Press sports columnist Drew Sharp chronicles the compelling story of a figure whose sheer will to succeed, refusal to make excuses for setbacks, and efforts to contribute to society set him apart as an anomaly—a man of virtues so rarely found in recent history. His path from Washington D.C. to Syracuse to Detroit is sometimes tumultuous, blazed by hard work, perseverance, and savvy. Much more than the stereotypical tale of celebrity ex-jock who does good, this is a story about a black male who, even as a youngster, determined to conquer whatever challenges came his way. And now, as mayor of Detroit, Bing encounters perhaps his greatest test of all. Faced with entrenched and power-hungry political foes, a series of failed and corrupt predecessors, a work force ill prepared for

today's job market, a staggering city debt, and recent health problems, Bing would appear to have little chance of surviving his office. Both the naysayers and optimists would do well to read the book.

**biggest what ifs in nba history:** *Owning the Olympics* Monroe Price, Daniel Dayan, 2009-12-10 A major contribution to the study of global events in times of global media. *Owning the Olympics* tests the possibilities and limits of the concept of 'media events' by analyzing the mega-event of the information age: the Beijing Olympics. . . . A good read from cover to cover. —Guobin Yang, Associate Professor, Asian/Middle Eastern Cultures & Sociology, Barnard College, Columbia University From the moment they were announced, the Beijing Games were a major media event and the focus of intense scrutiny and speculation. In contrast to earlier such events, however, the Beijing Games are also unfolding in a newly volatile global media environment that is no longer monopolized by broadcast media. The dramatic expansion of media outlets and the growth of mobile communications technology have changed the nature of media events, making it significantly more difficult to regulate them or control their meaning. This volatility is reflected in the multiple, well-publicized controversies characterizing the run-up to Beijing 2008. According to many Western commentators, the People's Republic of China seized the Olympics as an opportunity to reinvent itself as the New China—a global leader in economics, technology, and environmental issues, with an improving human-rights record. But China's maneuverings have also been hotly contested by diverse global voices, including prominent human-rights advocates, all seeking to displace the official story of the Games. Bringing together a distinguished group of scholars from Chinese studies, human rights, media studies, law, and other fields, *Owning the Olympics* reveals how multiple entities—including the Chinese Communist Party itself—seek to influence and control the narratives through which the Beijing Games will be understood. digitalculturebooks is an imprint of the University of Michigan Press and the Scholarly Publishing Office of the University of Michigan Library dedicated to publishing innovative and accessible work exploring new media and their impact on society, culture, and scholarly communication. Visit the website at [www.digitalculture.org](http://www.digitalculture.org).

**biggest what ifs in nba history:** *Tuff Juice* Caron Butler, Steve Springer, 2015-09-24 Two-time All-Star and thirteen-year NBA veteran Caron Butler has an impressive basketball record. He was Big East Co-Player of the Year at UConn, the 10th overall pick of the 2002 NBA Draft and a key player for the Dallas Mavericks in their championship-winning season in 2011. But before Butler had a chance to prove himself on the court, he spent his time trying to prove himself on the streets, as a gang member and drug dealer in his hometown of Racine, Wisconsin. He saw friends gunned down in the bloody street wars near his home, was arrested nearly 15 times and wound up behind bars and in solitary confinement before his 15th birthday. *Tuff Juice* shares Caron Butler's extraordinary journey from his delinquent youth in the streets of Racine to his role as an accomplished pro basketball player, dedicated husband and father, active philanthropist and burgeoning businessman. Along the way, the book explores the incredible impact his single mother's unconditional love and his college coach's unwavering support had on him, and what drives him to be so successful in basketball and in life. Like *The Blind Side*, it's a gripping narrative filled with hubris, dangerous obstacles and heartwarming moments that transcend sports and speak to perseverance, hope and the triumph of the human spirit.

**biggest what ifs in nba history:** *Mastering Fear* Brandon Webb, John David Mann, 2018-08-07 From New York Times bestselling author and former Navy SEAL Brandon Webb comes a simple yet powerful five-step guide to transforming your life by making your fears work for you instead of against you. Brandon Webb has run life-threatening missions in the world's worst trouble spots, whether that meant jumping out of airplanes, taking down hostile ships on the open sea, or rolling prisoners in the dead of night in the mountains of Afghanistan. As a Navy SEAL, he learned how to manage the natural impulse to panic in the face of terrifying situations. As media CEO and national television commentator, he has learned how to apply those same skills in civilian life. Drawing on his experiences in combat and business, along with colorful anecdotes from his vast network of super-achiever friends from astronauts to billionaires, Webb shows how people from all

walks of life can stretch and transcend their boundaries and learn to use their fears as fuel to achieve more than they ever thought possible. Fear can be a set of manacles, holding you prisoner, writes Webb. Or it can be a slingshot, catapulting you on to greatness. The key, says Webb, is not to fight fear or try to beat it back, but to embrace and harness it. In the process, rather than being your adversary, your fear becomes a secret weapon that allows you to triumph in even the most adverse situations. In *Mastering Fear*, Webb and his bestselling coauthor John David Mann break this transformation down into five practical steps, creating a must-read manual for anyone looking for greater courage and mastery in their lives.

**biggest what ifs in nba history:** The Other Wes Moore Wes Moore, 2011-01-11 NEW YORK TIMES BESTSELLER • From the governor of Maryland, the “compassionate” (People), “startling” (Baltimore Sun), “moving” (Chicago Tribune) true story of two kids with the same name: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn’t shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they’d hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world.

**biggest what ifs in nba history:** **Linux Dictionary** Binh Nguyen, This document is designed to be a resource for those Linux users wishing to seek clarification on Linux/UNIX/POSIX related terms and jargon. At approximately 24000 definitions and two thousand pages it is one of the largest Linux related dictionaries currently available. Due to the rapid rate at which new terms are being created it has been decided that this will be an active project. We welcome input into the content of this document. At this moment in time half yearly updates are being envisaged. Please note that if you wish to find a 'Computer Dictionary' then see the 'Computer Dictionary Project' at <http://computerdictionary.tsf.org.za/> Searchable databases exist at locations such as: <http://www.swpearl.com/eng/scripts/dictionary/> (SWP) Sun Wah-PearL Linux Training and Development Centre is a centre of the Hong Kong Polytechnic University, established in 2000. Presently SWP is delivering professional grade Linux and related Open Source Software (OSS) technology training and consultant service in Hong Kong. SWP has an ambitious aim to promote the use of Linux and related Open Source Software (OSS) and Standards. The vendor independent positioning of SWP has been very well perceived by the market. Throughout the last couple of years, SWP becomes the Top Leading OSS training and service provider in Hong Kong. <http://www.geona.com/dictionary?b=> Geona, operated by Gold Vision Communications, is a new powerful search engine and internet directory, delivering quick and relevant results on almost any topic or subject you can imagine. The term Geona is an Italian and Hebrew name, meaning wisdom, exaltation, pride or majesty. We use our own database of spidered web sites and the Open Directory database, the same database which powers the core directory services for the Web's largest and most popular search engines and portals. Geona is spidering all domains listed in the non-adult part

of the Open Directory and millions of additional sites of general interest to maintain a fulltext index of highly relevant web sites. <http://www.linuxdig.com/documents/dictionary.php> LINUXDIG.COM, Yours News and Resource Site, LinuxDig.com was started in May 2001 as a hobby site with the original intention of getting the RFC's online and becoming an Open Source software link/download site. But since that time the site has evolved to become a RFC distribution site, linux news site and a locally written technology news site (with bad grammer :)) with focus on Linux while also containing articles about anything and everything we find interesting in the computer world. LinuxDig.Com contains about 20,000 documents and this number is growing everyday!

<http://linux.about.com/library/glossary/blglossary.htm> Each month more than 20 million people visit About.com. Whether it be home repair and decorating ideas, recipes, movie trailers, or car buying tips, our Guides offer practical advice and solutions for every day life. Wherever you land on the new About.com, you'll find other content that is relevant to your interests. If you're looking for How To advice on planning to re-finish your deck, we'll also show you the tools you need to get the job done. If you've been to About before, we'll show you the latest updates, so you don't see the same thing twice. No matter where you are on About.com, or how you got here, you'll always find content that is relevant to your needs. Should you wish to possess your own localised searcheable version please make use of the available dict, <http://www.dict.org/> version at the Linux Documentation Project home page, <http://www.tldp.org/> The author has decided to leave it up to readers to determine how to install and run it on their specific systems. An alternative form of the dictionary is available at: <http://elibrary.fultus.com/covers/technical/linux/guides/Linux-Dictionary/cover.html> Fultus Corporation helps writers and companies to publish, promote, market, and sell books and eBooks. Fultus combines traditional self-publishing practices with modern technology to produce paperback and hardcover print-on-demand (POD) books and electronic books (eBooks). Fultus publishes works (fiction, non-fiction, science fiction, mystery, ...) by both published and unpublished authors. We enable you to self-publish easily and cost-effectively, creating your book as a print-ready paperback or hardcover POD book or as an electronic book (eBook) in multiple eBook's formats. You retain all rights to your work. We provide distribution to bookstores worldwide. And all at a fraction of the cost of traditional publishing. We also offer corporate publishing solutions that enable businesses to produce and deliver manuals and documentation more efficiently and economically. Our use of electronic delivery and print-on-demand technologies reduces printed inventory and saves time. Please inform the author as to whether you would like to create a database or an alternative form of the dictionary so that he can include you in this list. Also note that the author considers breaches of copyright to be extremely serious. He will pursue all claims to the fullest extent of the law.

**biggest what ifs in nba history: The Berlin-Baghdad Express** Sean McMeekin, 2011-01-15  
The modern Middle East was forged in the crucible of the First World War, but few know the full story of how war actually came to the region. As Sean McMeekin reveals in this startling reinterpretation of the war, it was neither the British nor the French but rather a small clique of Germans and Turks who thrust the Islamic world into the conflict for their own political, economic, and military ends. The Berlin-Baghdad Express tells the fascinating story of how Germany exploited Ottoman pan-Islamism in order to destroy the British Empire, then the largest Islamic power in the world. Meanwhile the Young Turks harnessed themselves to German military might to avenge Turkey's hereditary enemy, Russia. Told from the perspective of the key decision-makers on the Turco-German side, many of the most consequential events of World War I—Turkey's entry into the war, Gallipoli, the Armenian massacres, the Arab revolt, and the Russian Revolution—are illuminated as never before. Drawing on a wealth of new sources, McMeekin forces us to re-examine Western interference in the Middle East and its lamentable results. It is an epic tragicomedy of unintended consequences, as Turkish nationalists give Russia the war it desperately wants, jihad begets an Islamic insurrection in Mecca, German sabotage plots upend the Tsar delivering Turkey from Russia's yoke, and German Zionism midwives the Balfour Declaration. All along, the story is interwoven with the drama surrounding German efforts to complete the Berlin to Baghdad railway, the weapon designed to win the war and assure German hegemony over the Middle East.

**biggest what ifs in nba history:** The Schrödinger Girl Laurel Brett, 2020-01-07 Set in the 1960s, this novel exploring the mysteries of the multiverse—and of human identity—is “a rare page turner that avoids the obvious traps.” —The New York Times Book Review Garrett Adams, an uptight behavioral psychology professor who refuses to embrace the 1960s, is in a slump. The dispirited rats in his latest experiment aren't yielding results, and his beloved Yankees are losing. As he sits at a New York City bar watching the Yanks strike out, he knows he needs a change. Then, at a bookstore, he meets a mysterious young woman, Daphne, who draws him into the turbulent and exciting world of Vietnam War protests and the music of Bob Dylan and the Beatles, and he starts to emerge from the numbness and grief over his father's death in World War II. But when Daphne evolves into four separate versions of herself, Garrett's life becomes complicated as he devotes himself to answering the questions about character and destiny raised by her iterations—an obsession that threatens to upend his relationship with a beautiful art historian, destroy his teaching job, and dissolve a longtime friendship. The Daphnes seem to exist in separate realities that challenge the laws of physics and call into question everything Garrett thought he knew. Now he must decide what is vision, what is science, and what is delusion. “[A] mind-bending experimental thriller.” —CrimeReads “An immensely interesting concept . . . dig[s] deep into psychology, philosophy, physics, and, most importantly, politics as Daphne shakes Garrett out of his indifference toward the cultural turmoil of the late '60s.” —Kirkus Reviews “Brett's imaginative, amusing debut will appeal to fans of Nell Zink.” —Publishers Weekly “This absorbing novel vividly mines the physics and psychology of reality, and the reader's reward is a moving story of love and loss.” —Hilma Wolitzer, author of *An Available Man*

**biggest what ifs in nba history:** The Gold Standard Mike Krzyzewski, 2009-04-06 Half a book on basketball, half a book on management techniques, *The Gold Standard* captures Coach K's personal style and approach to getting different (and sometimes difficult) people to work hard and succeed in reaching a common goal. In all forms of leadership, whether you are a coach, a CEO, or a parent, there are four words that, when said, can bring out the best in your team, your employees, and your family...I BELIEVE IN YOU. These four words can mean the difference between a fear of failure and the courage to try. In his previous bestselling books, Coach K has guided readers to success the way he has guided his teams at Duke University—with the power of his inspirational words and phenomenal leadership skills. But that was with college kids. Now, Coach K has stepped up to take on an entirely new challenge: volunteering to coach the US Olympic Basketball team. Comprised of some of the biggest NBA stars, Coach K had to work with huge egos and personal rivalries in order to create an American team that could win against the best competition in the world and restore Team USA to the gold standard of basketball. This is more than a celebratory book—it's Coach K's first-hand account of how he dealt with such stars as LeBron James, Kobe Bryant, Carmelo Anthony, and all the rest to buy into his total team play.

**biggest what ifs in nba history:** *Rapture* Nick Nurse, 2020-10-13 Nick Nurse distills the wisdom, insight, and experiences that helped him lead the Toronto Raptors to the NBA championship in his first year as head coach. Foreword by Phil Jackson. NBA fans had modest expectations for rookie coach Nick Nurse and his Toronto Raptors. But what those naysayers didn't realize was that Nurse had spent the past thirty years proving himself at every level of the game, from youth programs and college ball to the NBA D League and Britain's struggling pro circuit. While few coaches have taken such a circuitous path to pro basketball's promised land, the journey—which began at Kuemper Catholic high school in Carroll, Iowa—forged a coach who proved to be as unshakable as he is personable. On the road, he is known to bring his guitar and keyboard for late-night jazz and blues sessions. In the locker room, he's steadfast and even-keeled regardless of the score. On the court, he pulls out old-school tactics with astounding success. A rookie in name but a veteran in attitude, Nurse is seemingly above the chaos of the game and, with only two seasons on his résumé, has already established himself as one of the NBA's most admired head coaches. Now, in this revealing new book—equal parts personal memoir, leadership manifesto, and philosophical meditation—Nurse tells his own story. Given unprecedented access inside the Raptors' locker room,

readers get an intimate study of not only the team culture he has built, but also of a rookie coach's unique dynamic with the star players—such as Kawhi Leonard, Kyle Lowry, and Pascal Siakam—who helped trailblaze the 2019 championship run. As much for readers of Ray Dalio as for fans of John Wooden and Pat Summitt, *Rapture* promises to be a necessary read for anyone looking to forge their own path to success.

**biggest what ifs in nba history: *The Victory Machine*** Ethan Sherwood Strauss, 2020-04-14 How money, guts, and greed built the Warriors dynasty -- and then took it apart The Golden State Warriors dominated the NBA for the better part of a decade. Since the arrival of owner Joe Lacob, they won more championships and sold more merchandise than any other franchise in the sport. And in 2019, they opened the doors on a lavish new stadium. Yet all this success contained some of the seeds of decline. Ethan Sherwood Strauss's clear-eyed exposé reveals the team's culture, its financial ambitions and struggles, and the price that its players and managers have paid for all their winning. From Lacob's unlikely acquisition of the team to Kevin Durant's controversial departure, Strauss shows how the smallest moments can define success or failure for years. And, looking ahead, Strauss ponders whether this organization can rebuild after its abrupt fall from the top, and how a relentless business wears down its players and executives. *The Victory Machine* is a defining book on the modern NBA: it not only rewrites the story of the Warriors, but shows how the Darwinian business of pro basketball really works.

**biggest what ifs in nba history: *Teardrop Shot (Special Edition)*** Tijan, 2024-10 A young woman ends up in a secret relationship with a star NBA player, but when news gets out, disaster ensues.

**biggest what ifs in nba history: *The Mindful Athlete*** George Mumford, 2015-04-17 The all-star advisor to athletes like Kobe Bryant and Michael Jordan shares his revolutionary mindfulness-based program for elevating athletic performance—featuring a foreword by legendary NBA coach Phil Jackson. “George helped me understand the art of mindfulness. To be neither distracted or focused, rigid or flexible, passive or aggressive. I learned just to be.” —Kobe Bryant Michael Jordan credits George Mumford with transforming his on-court leadership of the Bulls, helping Jordan lead the team to six NBA championships. Mumford also helped Kobe Bryant, Andrew Bynum, and Lamar Odom and countless other NBA players turn around their games. A widely respected public speaker and coach, Mumford is sharing his own story and the strategies that have made these athletes into stars in *The Mindful Athlete: The Secret to Pure Performance*. His proven, gentle but groundbreaking mindfulness techniques can transform the performance of anyone with a goal, be they an Olympian, weekend warrior, executive, hacker, or artist. When Michael Jordan left the Chicago Bulls to play baseball in 1993, the team was in crisis. Coach Phil Jackson, a long-time mindfulness practitioner, contacted Dr. Kabat-Zinn to find someone who could teach mindfulness techniques to the struggling team—someone who would have credibility and could speak the language of his players. Kabat-Zinn led Jackson to Mumford and their partnership began. Mumford has worked with Jackson and each of the eleven teams he coached to become NBA champions. His roster of champion clients has since blossomed way beyond basketball to include corporate executives, Olympians, and athletes in many different sports. With a charismatic teaching style that combines techniques of engaged mindfulness with lessons from popular culture icons such as Yoda, Indiana Jones, and Bruce Lee, Mumford tells illuminating stories about his larger-than-life clients. His writing is down-to-earth and easy to understand and apply. *The Mindful Athlete* is an engrossing story and an invaluable resource for anyone looking to elevate their game, no matter what the pursuit, and includes a foreword by Phil Jackson.

**biggest what ifs in nba history: *The Pity of War*** Niall Ferguson, 2008-08-05 From a bestselling historian, a daringly revisionist history of World War I *The Pity of War* makes a simple and provocative argument: the human atrocity known as the Great War was entirely England's fault. According to Niall Ferguson, England entered into war based on naive assumptions of German aims, thereby transforming a Continental conflict into a world war, which it then badly mishandled, necessitating American involvement. The war was not inevitable, Ferguson argues, but rather was

the result of the mistaken decisions of individuals who would later claim to have been in the grip of huge impersonal forces. That the war was wicked, horrific, and inhuman is memorialized in part by the poetry of men like Wilfred Owen and Siegfried Sassoon, but also by cold statistics. Indeed, more British soldiers were killed in the first day of the Battle of the Somme than Americans in the Vietnam War. And yet, as Ferguson writes, while the war itself was a disastrous folly, the great majority of men who fought it did so with little reluctance and with some enthusiasm. For anyone wanting to understand why wars are fought, why men are willing to fight them and why the world is as it is today, there is no sharper or more stimulating guide than Niall Ferguson's *The Pity of War*.

**biggest what ifs in nba history:** *The Jordan Rules* Sam Smith, 2012-07-26 The New York Times Bestseller, updated With a New Introduction This is the 20th anniversary of the explosive bestseller that changed the way the world viewed one of the greatest athletes in history, revealing for the first time Michael Jordan's relentless drive to win anything and everything, at any cost. NBA Hall of Fame columnist Sam Smith had unlimited access to the team and its players during their championship 1991-92 season, which he details in the new introduction, along with candid revelations about his sources, and the reaction from Michael, his teammates, the media, and the fans when the book blasted onto the bestseller lists in 1992 (where it stayed for three months). With more than a million copies in print, *The Jordan Rules* remains the ultimate inside look at one of the most legendary teams in sports history.

**biggest what ifs in nba history:** *Thinking Basketball* Ben Taylor, 2016-06-29 Are top scorers really the most valuable players? Are games decided in the final few minutes? Does the team with the best player usually win? *Thinking Basketball* challenges a number of common beliefs about the game by taking a deep dive into the patterns and history of the NBA. Explore how certain myths arose while using our own cognition as a window into the game's popular narratives. New basketball concepts are introduced, such as power plays, portability and why the best player shouldn't always shoot. Discover how the box score can be misleading, why closers are overrated and how the outcome of a game fundamentally alters our memory. Behavioral economics, traffic paradoxes and other metaphors highlight this thought-provoking insight into the NBA and our own thinking. A must-read for any basketball fan -- you'll never view the sport, and maybe the world, the same again.

**biggest what ifs in nba history:** *You Let Some Girl Beat You?* Ann Meyers Drysdale, 2012-05-15 Annie was one of the best players ever. I didn't say male or female; I said ever.—Bill Russell, former Boston Celtics player Ann Meyers Drysdale is one of the greatest stars in the history of basketball. But her rise wasn't without controversy. Her 1979 NBA bid to play with the Indiana Pacers brought a barrage of criticism. But Ann simply wanted to play among the best. She had always competed with the guys, and she never let anyone keep her down. In *You Let Some Girl Beat You?* she shares her inspirational story for the first time. A female first in many categories, Meyers Drysdale was the first woman ever signed to a four-year athletic scholarship to UCLA, where she remains the only four-time Bruin basketball All American, male or female. Ann was also the only woman ever asked to compete in ABC Sports' Superstars, pitting her against elite athletes like Mark Spitz, Joe Frazier, O.J. Simpson, and Mark Gastineau. After her athletic career Ann Meyers Drysdale went on to do color commentary on all the national stations. She also married Don Drysdale, legendary pitcher and announcer for the Los Angeles Dodgers, making them the first ever married couple enshrined in their respective sport's Hall of Fame. Today Ann continues to break through barriers. She is the only female vice president in the NBA (she is vice president of the Phoenix Suns), and is also the general manager of the WNBA's Phoenix Mercury, which has won two WNBA championships since she took over four years ago. The New York Times featured her prominently in a piece in August 2011 called *Pioneers Continue to Shepherd Women's Basketball*. Time magazine recently named her one of the ten greatest female athletes of all time.

**biggest what ifs in nba history:** *Bring Yourself* Mori Taheripour, 2020-03-24 Contrary to conventional wisdom about what makes a good negotiator - namely, being aggressive and unemotional - in *Bring Yourself*, Mori Taheripour offers a radically different perspective. In her own life, and in her more than fifteen years of experience teaching negotiation, she has found that the

best negotiators are empathetic, curious and present. The essence of bargaining isn't the transaction, but rather the conversation and human connection. It is when we bring our whole, authentic selves to the table that we can advocate for ourselves fearlessly and find creative solutions that benefit everyone. *Bring Yourself* explains how your pressure points, personal experience and even your cultural expectations can become roadblocks to finding common ground, and it offers essential strategies to move beyond them and open your mind. With eye-opening and empowering stories throughout, *Bring Yourself* helps readers gain the confidence they need to achieve their goals in work and in life. Timely and provocative, this paradigm-shifting book can transform our world and the way we work together.

**biggest what ifs in nba history:** *Doing the Impossible* Patrick Bet-David, 2012-01-16 What does *Doing the Impossible* really mean? This book is for those who have a desire to achieve greatness and are ready to take the steps to turn that desire into a reality. At one point or another in this book, you will experience several different reactions - excitement, curiosity, joy, laughter, or even tears - but the ultimate goal is to encourage and challenge you to make a decision to do the impossible. That may have a totally different meaning to you than it did to Steve Jobs, Thomas Edison, or any of the other role models we will look at; but whatever *Doing the Impossible* means to you, the goal of this book is to help you realize that you have the capacity to do what the critics think is impossible. - Patrick Bet-David, Introduction to *Doing the Impossible*. *Doing the Impossible* is a roadmap for those who want to do something big with their lives. The book goes over 25 steps that the reader should take to re-create themselves, identify their cause, and make history. Patrick Bet-David shares his own impossible crusade and gives key principles for anyone looking to do the same.

**biggest what ifs in nba history:** *Think!* Pete Murleen Goodrich, 2012-04 Pete is a very busy 6 year old tumbling through life with everyone shouting at him to THINK! Pete does think, only it's about more important things than what is the right thing to do with a half eaten sandwich, or why fish need to stay in water all the time, or if toilet water is as clean as faucet water. Pete can think up past the stars to where God lives.

**biggest what ifs in nba history:** *Showtime* Jeff Pearlman, 2014-03-04 The New York Times bestselling author of *Sweetness* delivers the first all-encompassing account of the 1980s Los Angeles Lakers, one of professional sports' most-revered—and dominant—dynasties. The Los Angeles Lakers of the 1980s personified the flamboyance and excess of the decade over which they reigned. Beginning with the arrival of Earvin "Magic" Johnson as the number-one overall pick of the 1979 draft, the Lakers played basketball with gusto and pizzazz, unleashing their famed "Showtime" run-and-gun style on a league unprepared for their speed and ferocity—and became the most captivating show in sports and, arguably, in all-around American entertainment. The Lakers' roster overflowed with exciting all-star-caliber players, including center Kareem Abdul-Jabbar, and they were led by the incomparable Pat Riley, known for his slicked-back hair, his Armani suits, and his arrogant strut. Hollywood's biggest celebrities lined the court and gorgeous women flocked to the arena. Best of all, the team was a winner. Between 1980 and 1991, the Lakers played in an unmatched nine NBA championship series, capturing five of them. Bestselling sportswriter Jeff Pearlman draws from almost three hundred interviews to take the first full measure of the Lakers' epic Showtime era. A dazzling account of one of America's greatest sports sagas, *Showtime* is packed with indelible characters, vicious rivalries, and jaw-dropping, behind-the-scenes stories of the players' decadent Hollywood lifestyles. From the Showtime era's remarkable rise to its tragic end—marked by Magic Johnson's 1991 announcement that he had contracted HIV—*Showtime* is a gripping narrative of sports, celebrity, and 1980s-style excess.

**biggest what ifs in nba history:** *Got to Give the People What They Want* Jalen Rose, 2015-10-06 "I want to start conversations, and even better, arguments." - From the Introduction One of the most outspoken and original voices in sports sounds off while revealing his incredible life story. Jalen Rose has never been quiet. Not as a kid growing up in Detroit in the 70's and 80's. Not as the brash, trash-talking leader of the legendary "Fab Five" at the University of Michigan. Not as

the player under the stewardship of Hall of Famers Larry Bird, Isiah Thomas and others throughout his 13-year NBA career. And certainly not as a commentator and analyst on ABC/ESPN and Grantland. In *Got to Give the People What They Want*, no topic is off limits. Honest, unfiltered, unbiased. Raw, refreshing, real. This colorful collection of stories and opinions about basketball and life gives people the kind of insight and understanding they don't get anywhere else in the sports world.
